Life Path

Ascendant In Scorpio

PROFESSIONAL - LIFE-PATH: Penetration

As a person who likes to hold your cards close to your chest you can be entrusted with any job which requires dedication and privacy. You are endowed with X-ray eyes, and this means that you have the capacity to see what lies under the surface in any particular matter. You have a deep and powerful emotional nature, and are interested in, and concerned about, the feelings of other people. However you only let on how you feel when you are completely secure. And you are rarely completely secure. Struggling with anxiety of one sort or another is a major pastime, and professionally you may often feel you are fighting for survival. Jealousies and controversy can surround you, and you expend a great deal of energy trying to control what is going on around you. You have a talent for psychology, dealing with finance, and as a power-broker behind the scenes. You have a capacity for taking difficult decisions in emergencies. You know when to cut off the branch to save the tree.

Ascendant Square Mercury

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - LIFE PATH: The messenger

You are a person of many talents, chiefly in the field of information and communication. Meeting people and creating contacts are a part of your professional life-style - you have a message to deliver, and you do so in a flurry of activity. Intelligent and informed, you keep yourself up-to-date on all the latest developments.

Ascendant Trine Venus

This aspect is extremely powerful in your horoscope, and will be a major feature of your character.

Please remember when reading this section, that the harmonious nature of this contact means that you can use the energies creatively, for the most part without negative effects.

PROFESSIONAL - LIFE PATH: Aesthetic comportment

You have the ability to create a pleasing impression, and generally you comport yourself diplomatically and with all the social graces. As the ability to win the affections and confidence of others is one of your greatest talents, you would do well dealing with people in one form or another in your professional life. Aesthetic issues are also of great importance to you, and this may be reflected in your work.

Ascendant Square Jupiter

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life.

In your chart there is disharmony between these two planetary influences, and this will be reflected by many struggles both within your mind, and out in the world.

PROFESSIONAL - LIFE PATH: The counsellor

You are not interested in trivia, and therefore seek a profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have

a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

Ascendant Conjunction Neptune

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

This connection between two planets shows a fusion of two principles for good or ill. You integrate quite different energies and express them as one process. This manifests as a strong personal character trait.

PROFESSIONAL - LIFE PATH: The spiritual path

You are rarely motivated by purely ambitious interests, and therefore you function best when engaged in a job in which you can invest your ideals and dreams. Ordinary goals can hardly satisfy your needs, which are more orientated towards feelings and sensitivity, or music and creativity. You need to feel moved by influences beyond the personal.

Ascendant Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

The sextile aspect is favourable, and stimulates your capacity to learn from experience. You can expect the negative effects to be minimal.

PROFESSIONAL - LIFE PATH: Aura of mystery

You are attracted to positions of power in which you can exert control over your environment and professional relations. You have the power to deal with unpleasant confrontations, and you can make difficult decisions under pressure. There may be a ruthless streak to your character, as you often imagine threats to your position. This means that you can exhaust your resources in battles for power.

Mars In Virgo

PROFESSIONAL - DRIVES: Develop organisational talents

You are a naturally hard-working person with a great talent for analysis and research. There is also a fine organisational ability and a natural conscientiousness when completing tasks. Indeed there is a tendency to be something of a perfectionist. Whilst this is a very fine quality as regards working with things - especially accounts, files, planning, etc. - it can create problems when dealing with people. Your colleagues may find you too critical, and your tendency to go into the smallest details may mean that you take too long completing tasks, or fail to see the big picture. There is often great talent for technical matters - for example engineering, computers etc. At the same time there is a strong health consciousness which can manifest professionally in connection with diet or the body. You work hard, perhaps too hard. By mastering your natural ability to delegate you will be able to take time off to relax.

Mars In 11th House

PROFESSIONAL - DRIVE: Solidarity

You are dynamically inspired by social causes and can find professional satisfaction working motivating groups in one way or another. You are a reformer by nature and are prepared to take on the necessary confrontation to get your ideas accepted. Your motivations as a reformer are not selfish; you are prepared to be in the vanguard working for collective interests. You have very little respect for restrictive social norms and prefer to be direct in

your dealings with people, therefore you function best when you are a spokesman of some sort, or when you carry the banner of a social or political movement. You may have very strong ideological principles, and you are prepared to fight for them.

Pluto In Virgo

Pluto In 11th House

PROFESSIONAL - TRANSFORMATION: Social reform
You have the capacity to take on many roles in your life, assuming the professional guise which is expected of you under any given situation. You may have the ability to work as a reformer and as such you could achieve a position of power in a social group of some sort. You believe in the idea that power corrupts - probably because of a number of experiences of power misuse in your early life - and this is one of the motivational factors in your experience of the social forces in society. You tend to make a little too much out of conspiracy theories. You have the ability to root out social corruption, and restructure social organisations. It should however be said that in this process you have a tendency to acquire exactly the kind of power you despise so much. So it is important to guard against dictatorial tendencies in yourself. You may have a talent for dealing with groups on a psychological level - and you are quite fearless as far as emotional confrontations in groups are concerned.

Identity

Sun In Leo

PROFESSIONAL - IDENTITY: Develop self-appreciation
Building a strong sense of personal identity is the greatest priority in your life. You will seek to measure this by the respect or admiration you evoke in others, and by the evidence shown by the results of creative efforts. You have warm human qualities which under normal circumstances ensure that you are at the centre of events and at the focus of other people's attention. It is extremely important for you to feel respected professionally. Prestige and recognition are basic career needs, and with your natural leadership abilities you have the capacity to inspire others through your example. You have a natural affinity for things which exude quality, and you can set the style in your place of work. As long as you feel appreciated by others, you will function well professionally. It grates a little if you have to take orders from others, so you quickly gravitate to leadership positions.

Sun In 10th House

PROFESSIONAL - IDENTITY: Professional manifestation
You are capable of having a high professional profile - indeed society demands that you become deeply personally involved in your career. You are a natural leader in your field and it is an advantage for you to strive to become known. More than most you define yourself through what you do, and through how other people judge what you do. You are suited to a profession in which you either are self-employed or employ others. Should you find yourself working in a subordinate position, you may have differences of opinion with your employers. They will think you are arrogant, you will think you can do better than them! Successful leaders become role models for you.

Sun Conjunction Mercury

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.
This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part

of your character.

PROFESSIONAL - IDENTITY: Subjectivity

As Mercury is never more than 28 degrees from the Sun, the only aspect possible between them is the conjunction - the closer they are together, the stronger this aspect will be. There is a great mental talent and a restless desire to learn more and gain experience. You would thrive in a job which gave you the opportunity to be on the move and meet people, as communication is definitely one of your strong points. You hate to be stuck in any job, and you need constant mental stimulation. This can of course lead to a number of radical job changes. Alternatively you can satisfy your need for stimulation by going on courses or undertaking study projects. You have good teaching abilities and would prosper in any position in which you had to get a message across. Your strong points are your versatility, curiosity and a youthful enthusiasm. Your weaknesses are connected with restlessness and lack of concentration - and a tendency to be very subjective in your evaluations. You are overconcerned with making an impression and like to have the last word. You hate being wrong, and have difficulty admitting it when you are.

Sun Opposition Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

As these two planets are on opposite sides of your horoscope they indicate that you are split between two quite different drives. As a result you tend to imagine other people with the negative qualities described.

PROFESSIONAL - IDENTITY: Insight

One of your greatest professional assets is your optimism and ability to envision and empower the future. You have the capacity to occupy a high profile position in which your charisma and personal identity play a leading role. As you are strongly motivated to acquire insight in your life, and rather philosophically minded, you would function well as an advisor, counsellor or simply as a leader figure, whom people turn to for advice and a sense of direction. It is essential that your profession offers you the opportunity for growth. You need wide horizons and you will probably find that you travel a lot in your work. You are cosmopolitan by nature, and enjoy the cultural aspect of your work. You have very strong convictions indeed, and may be rather morally high-minded. This side of your character can lead to ideological confrontations with influential people. You have great difficulty in admitting your mistakes, and although you have vision and prophetic sense, you can be wildly optimistic about the future, and are often to be seen chasing dreams of prosperity. Inasmuch as vision is necessary for success, you will generally reach your goals, but greater attention to planning, more realism and more patience would help you consolidate your position.

Sun Conjunction Uranus

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

Two energies are unified into one in this planetary aspect, and you will express this energy in a very personal way, for good or ill depending on other factors in your chart.

PROFESSIONAL - IDENTITY: Consciousness change

Your chief contribution to society is your ability to entertain original ideas and experiment with new ways of doing things. You need to work in an independent position or with a company which

respects and encourages your originality. You quickly become bored if you have to perform the same functions day in day out. You need to meet people - and you thrive on unusual challenges, especially if they involve travel and dealing with radically different cultures. You may travel long distances to exotic countries, or work with advanced technology. Alternatively you will go your own unique direction in your professional life, developing unconventional talents - perhaps connected with consciousness development in one form or another. You are not one to stand on ceremony either - you hate stuffy protocol and thrive on contacts with young and old, rich and poor. It is your job to pave the way to the future with new ideas and an original life-style.

Sun Square Neptune

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. In your chart there is disharmony between these two planetary influences, and this will be reflected by many struggles both within your mind, and out in the world.

PROFESSIONAL - IDENTITY: Find meaning in spirituality
On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

Jupiter Transiting Opposition Sun 1/16/2009 -> 12/9/2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - IDENTITY: Creating your future
During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.
It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

Emotions

Moon In Taurus

PROFESSIONAL - EMOTIONS: Maintain solid foundations
Your job-security and personal economy have highest priority in your life. You do not like situations which threaten your economical well-being, and you are not comfortable taking risks in your career. On a professional level, you have a talent for getting finances on a solid footing, especially when dealing with property. You have a strong sense of appreciation for the good things in life, and this can manifest as an ability to enjoy material things. This in turn creates a warm and supportive environment in which other people thrive. You maintain a calm attitude in stressful situations, and can work long and hard to achieve your desires.

Moon In 7th House

PROFESSIONAL - EMOTIONS: Tuning in to others
You will wish to express your caring nature by having daily contact with the public in some way. Your enormous receptivity to the influence, problems and needs of others inclines you to a listening job in which you can give support and nourishment. As you can perhaps be rather over-sensitive to the demands of others you have to take care not to become drained by emotional contacts. You form strong bonds to the people you are in contact with and this may mean that you can be manipulated too easily. You may make too many compromises for the sake of emotional peace. However, you are very supportive indeed and a real asset in any business partnership.

Moon Sextile Mercury

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. When reading the following description, please bear in mind that you are a fast learner and overcome any difficulties involved very quickly. You can expect to use this aspect constructively and harmoniously.

PROFESSIONAL - EMOTIONS: Emotional awareness
You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

Moon Trine Mars

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

PROFESSIONAL - EMOTIONS: Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you, and are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

Moon Trine Jupiter

This aspect is extremely powerful in your horoscope, and will be a major feature of your character.

Please remember when reading this section, that the harmonious nature of this contact means that you can use the energies creatively, for the most part without negative effects.

PROFESSIONAL - EMOTIONS: Horizons

You would thrive in a profession which offered you the opportunity to travel and explore different cultures. You could easily work or settle in a foreign country. Being restless in spirit, you get rather bored in a job which does not have an element of exploration - culturally, intellectually or geographically. You are essentially a very curious person, and the pursuit of knowledge is food for your soul. You can also be very caring, and your generous disposition can give you a talent for working with the public, especially as regards public opinion, marketing, or broadcasting values of some sort or another. Children would be especially benefited by your attention, and you have both the humour and educational drive to be a good teacher. You are not the kind of person to stay in any one job for a great length of time, unless it offers opportunities for growth and expansion.

Moon Trine Saturn

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Self-sufficiency

You are a very responsible and dutiful person who is very motivated to live up to your commitments to society. You can work well in a role which requires hard work and a lot of responsibility, especially if this entails formal relations with the public in some way. You can function effectively as a buffer between the public and the authorities. You may have a special talent for working with old people, or with people who have emotional problems or very difficult life circumstances. You have a measured response to the people you meet and can evoke considerable respect from others, just as long as you do not allow yourself to be crippled by shyness. You can perform monotonous tasks patiently, and are good at systematising things and creating order. Professionally you are strongly motivated by job security and continuity at work. You are not very flexible, and tend to stick to long-term habits and work-patterns. On the other hand you are reliable and conscientious.

Moon Square Uranus

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - EMOTIONS: Unpredictability

You are something of a gipsy, and this means you can adjust to extremely unusual professional environments. You would thrive in a job in a foreign country for example - the more exotic the better. You are well-suited to working with people who are alienated from society in some way, especially if they come from a different culture. On the other hand you function very badly in a conventional place of work, where the same functions have to be performed day in, day out. You have a very low threshold for boredom, so you are suited to a job which brings exciting changes and variation during the course of the day - preferably meeting people. You have an advanced intuition and very sensitive antenna - this may give you some talents in the New Age sphere.

Moon Square Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Deep emotional involvement

You are strongly motivated on an unconscious level by a need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

Moon Square N. Node, Moon Square S. Node

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life.

In your chart there is disharmony between these two planetary influences, and this will be reflected by many struggles both within your mind, and out in the world.

PROFESSIONAL - DESTINY: Mother Earth

You can play an important role channelling the hopes and dreams of on the one hand large numbers of people, and on the other more intimate groups - especially females. You may feel a strong identification with your country - or a pull away from it. Your unusual intuitive power can give you certain talents as regards tuning in to changes that happen on a collective plane - especially in connection with the world of Nature. You are the channel through which group feeling is manifested.

Moon Sextile MC

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

When reading the following text, please bear in mind that you will for the most part experience only the positive effects of this

aspect. You are particularly stimulated to learn and communicate, as regards the matters concerned.

PROFESSIONAL - GOALS: Soul life

Your career can be profoundly influenced by the world of feeling, by public mood, by the sea, the food industry, property or other issues which absorb public interest. Your family may play a role in your success - particularly your mother. As you are acutely aware of matters of public interest, you may choose to involve yourself in a caring profession. In the choice between career and family, emotional considerations win out.

Jupiter Transiting Square Moon

4/3/2009 -> 12/31/2009

This is a time of tension and dramatic change which may be most apparent in your domestic life, or in your career. Use the time to make much-needed changes.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

Jupiter Transiting Trine Moon

Please read page 7: "Jupiter Transiting Square Moon"

Saturn Transiting Square Moon

2/8/2008 -> 7/19/2008

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Emotional self-sufficiency

Issues of economic and job security become very pressing at this

time, and you will feel a strong drive to overcome any weaknesses in this area. You can however expect a lot of difficulties, especially if you indulge immature expectations, or rely too much on others. Childish behaviour gets you nowhere now, and if you do not have conscious control over your emotional reactions you can expect to be unpopular.

The atmosphere in your working environment may be rather heavy now - perhaps because of an elder woman who is trying to assert her authority. The more mature you are, the better you can handle trying situations. You have to know when to set limits, whilst still living up to your responsibilities. You can develop the self-discipline and patience to work with people in difficulty, if you choose to.

Please read page 7: "Saturn Transiting Square Moon"

Neptune Transiting Square Moon

5/10/2009 -> 6/16/2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - EMOTIONS: Refining emotions

This is a wonderful time for the stimulation of fantasy and the imagination - but not a very good time for the pursuance of serious ambitions. Your emotional sensitivity is at its peak at this time, you can be easily hurt and very easily upset by negative influences in the environment. If you are working on an emotional or environmental level however - and this is a good time for such interests - you can expect enhanced awareness and ability. This is an excellent time for greater consciousness of, and respect for, Nature. Intuitive and spiritual abilities can be trained and refined. Probably you feel a good deal of discontent now, perhaps because of dissolution or distractions on the domestic front. If conditions are difficult, remember that acceptance is more effective than action. You can learn a lot by giving greater attention to your emotional needs, so do not ignore inner feelings, even if they seem unpleasant at first glance. Your primary job is to enlarge your emotional spectrum and cultivate greater interest and identification with the emotional processes other people are undergoing.

Mentality

Mercury In Leo

PROFESSIONAL - MENTALITY: Self-expression

You have strong opinions and have the ability to win respect when you put across your point of view. You command attention when you express your ideas, and coupled with other factors, this can give you both creative and leadership abilities. Furthermore you have a natural charm and have a way of making people feel that they are important. On the other hand you also know how to

put people down. You may lack mental flexibility. Convinced that your point of view is correct, you have a tendency to show contempt for inferior ideas. However, good manners are an integral part of your nature, so you are seldom downright rude. You can make a very good representative for your company because of your innate dignity and style.

Mercury In 9th House

PROFESSIONAL - MENTALITY: Get knowledge
Your intelligence, curiosity, and desire for understanding are great professional assets. You are excellent at juggling ideas, and persuasive at putting them across. You could have success in the publishing branch. You know how to meet other people on their own mental level, and would do well in dealings with people from foreign countries because of this talent. You may find success in areas where it is important to get a message across to the public, perhaps in the media, or in marketing areas or teaching. Training courses and a good education are a prerequisite for professional success. To thrive professionally you should have access to information, and be able to draw on a large body of personal knowledge.

Mercury Semisextile Venus

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. These two planets influence each other only mildly, though they may have a beneficial affect on either economic or spiritual concerns.

PROFESSIONAL - MENTALITY: Affability
You are a very versatile person, combining good judgement with taste and the ability to convey information in a pleasant manner. Success comes when you work with communication in one form or another. You may excel in the arts or in public speaking. You bring a human element into your professional dealings, and advancement will often come through the goodwill of others. Your mild manner and diplomatic nature leaves a good impression on others. You would function well in a position with lots of contact with people, for example dealing with personnel. You are very concerned about justice and make a strong effort to see both sides of any issues. You can secure agreement because you are willing to listen to others, and you are careful not to alienate people with impulsive remarks. Obviously with these talents you will prefer a harmonious professional environment to one in which there was too much trouble or competition.

Mercury Opposition Jupiter

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. As these two planets are on opposite sides of your horoscope they indicate that you are split between two quite different drives. As a result you tend to imagine other people with the negative qualities described.

PROFESSIONAL - MENTALITY: Disseminating information
One of your great professional assets is your intellectual curiosity and interest in communication and information. You can be something of a perpetual student, accumulating knowledge and insight for a rainy day. These intellectual talents bring you

success in fields which require study, writing, meeting people, travel and generally exchanging ideas. You have excellent teaching talents, because you both have the capacity to concentrate on details, and at the same time can draw wide-ranging conclusions. You can maintain an overall perspective, even when drowned in facts and figures. You can also be extremely persuasive, and this can give a talent for sales. People can come to you for advice and information. You are also suited to a position in an office, where you have access to phones and faxes, computers etc. You may be rather restless, so you need to work in a position in which you work with a whole spectrum of daily tasks, or in a situation in which you meet a variety of different people, perhaps whilst travelling around.

Mercury Opposition Saturn

This aspect is of medium strength and its influence will often be felt, though not acutely.

This aspect shows a strong polarisation in your chart, and difficulty in integrating the principles described. There may be travel and separation in connection with the principles described below.

PROFESSIONAL - MENTALITY: Mental discipline
You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which require patience for long periods of time. You prefer to stick to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

Mercury Square Neptune

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

In your chart there is disharmony between these two planetary influences, and this will be reflected by many struggles both within your mind, and out in the world.

PROFESSIONAL - MENTALITY: Clarify your thoughts
You have a very refined mental sensitivity which may be expressed through some form of imaginative and creative work. You possess a wonderful intuition, but formal learning and dry facts do not interest you. You can be quite a perfectionist and are very good at spotting mistakes and errors. In your dealings with others, you are very good at tuning in to their ideas, and you will go very far - perhaps too far - to avoid confrontation and argument. You tend to hope difficulties will disappear if you ignore them, and you have a tendency to create a smokescreen around issues. Thus you like to get your own way through being indirect and confusing the opposition. However if you do not make an effort to stick to ethical principles and honest representations, you may find yourself getting ensnared by the stories you create. You have a talent for creative communication - as a writer, in advertising or the media, or as a general part of your work.

Mercury Conjunction MC

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. This connection between two planets shows a fusion of two

principles for good or ill. You integrate quite different energies and express them as one process. This manifests as a strong personal character trait.

PROFESSIONAL - GOALS: The ideas person

It is important for you to integrate your mental faculties in your career. Teaching, dealing with communication, writing, meeting people and generally creating contacts are all part of the employment spectrum for you. An inner restlessness will ensure that you either seek a career with a variety of interesting functions, or change jobs at regular intervals. The important thing for you is to get your ideas across in society.

Jupiter Transiting Opposition Mercury 4/19/2008 -> 2/23/2009

This extremely strong influence can bring change, dilemmas or separation. The likelihood of travel in connection with these issues is strong.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more. If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

Values

Venus In Cancer

PROFESSIONAL - VALUES: Build a loving environment

You have a very strong caring attitude, and you form deep emotional attachments wherever you work. Professionally this may manifest as a need to care for and nurture others. You have a very strong sense of conventional values and are quite careful economically. There may be a talent for dealing with property. Loyalty and security are important career criteria, and if these criteria are fulfilled you work hard and devotedly. Although you may hide your feelings, you are extremely sensitive in relationships, and easily hurt by unfeeling people. Therefore you work best in a protected environment in which there are warm personal relationships, and you are skilled at creating such an environment. As family values mean so much to you, you can be torn between your home and your career.

Venus In 8th House

PROFESSIONAL - VALUES: Giving, not receiving

You have a deep appreciation of the importance of financial and emotional security and a talent for dealing with resources. Other people are inclined to invest their trust in you, and as such you may find employment in the financial sector. Early in life you tend to allow your judgement to be swayed by material concerns, and you may even sell out your principles in life just to attain financial security. A transformation at some point in your life teaches you that material values are illusory and transient. At this time you will acquire deeper values. You gain an understanding of the emotional bonds people form and of the crises people experience when they lose what they value most. You have the capacity to give heartfelt support in times of emotional trouble.

Venus Quincunx Jupiter

This aspect is of medium strength and its influence will often be felt, though not acutely.

The beneficial results of this aspect seldom come before the age of 35. Prior to this you tend to either be over-helpful, or over-secretive, as regards the matters concerned.

PROFESSIONAL - VALUES: Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and influence people. You can deal with cultural issues or artistic objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question altogether. Your warm personality and optimistic view of the future are your greatest assets.

Venus Sextile Uranus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

When reading the following description, please bear in mind that you are a fast learner and overcome any difficulties involved very quickly. You can expect to use this aspect constructively and harmoniously.

PROFESSIONAL - VALUES: Untraditional relationships

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

Venus Trine Neptune

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

PROFESSIONAL - VALUES: Acceptance

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty, you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

Venus Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

The sextile aspect is favourable, and stimulates your capacity to learn from experience. You can expect the negative effects to be minimal.

PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some people and alienate those who are not impressed by your apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

Venus Sextile N. Node, Venus Trine S. Node

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. When reading the following description, please bear in mind that you are a fast learner and overcome any difficulties involved very quickly. You can expect to use this aspect constructively and harmoniously.

PROFESSIONAL - DESTINY: Truth in beauty

Your sense of values and taste, and even your personal appearance, can awaken strong feelings of attraction in the people who know you. Your aesthetic values may play an important role in whatever associations or groups you belong to, and you may even set the style of the times through your personal judgement. Often seduced by the beauties of the world, and the temptations of material things, you have a special challenge in life as regards understanding the power of love and attraction - and their pitfalls.

Jupiter Transiting Trine Venus

4/14/2009 -> 12/31/2009

This is a very beneficial influence, though you may not be consciously aware of the process. Creativity and travel are favoured as you expand your capacities and sphere of influence.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

Jupiter Transiting Opposition Venus

1/1/2008 -> 2/7/2008

Please read page 10: "Jupiter Transiting Trine Venus"

Saturn Transiting Square Venus

9/13/2009 -> 12/31/2009

This is a time of tension and dramatic change which may be most apparent in your domestic life, or in your career. Use the time to make much-needed changes.

PROFESSIONAL - VALUES: Building self-worth

Economical issues come to the fore now, and you will probably find yourself having to work long and hard, perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment.

It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have been closed for you until now, learn for example the finer points of diplomacy and overcome clumsiness or shyness in dealing with people. An

understanding and appreciation of taste and style can be the keys to much desired status improvements.

Pluto Transiting Opposition Venus

1/1/2008 -> 12/31/2009

This extremely strong influence can bring change, dilemmas or separation. The likelihood of travel in connection with these issues is strong.

PROFESSIONAL - VALUES: Redefine personal values

This is a more challenging period professionally for women, than for men. This can strongly affect personal self-worth and esteem, even giving a certain unpopularity. You can no longer rely on personal charm to achieve results. There is considerable pressure on social relationships, and you may find that allies you have counted on disappear, because of basically different views on life. Redefining your self-esteem is dependant on getting rid of false values. It is essential at this time to cut back on material things - especially luxury items. The more you cut back, the better prepared you will be for the future. Do not throw good money after bad, even if this means selling something that is costing you too much. It is better to take a loss.

You will be tempted to loan money at this time partly because of financial difficulties, but also because of changes in taste and personal values. Make sure you do not loan to acquire luxury or prestige items. Make double sure that your investment is good. If possible get by through economising. This is a good time for psychological dealings with people, and for the transformation of waste products into something of value. Where there's muck, there's brass.

Mars Trine Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

PROFESSIONAL - DRIVES: Ebullience

You are a person with considerable optimism and energy, and your generally dynamic nature and positive attitude to the future will most probably bring expansion and success in your professional life. You are endowed with great courage and enjoy a challenge, so you would thrive in employment which gave you the opportunity to expand your horizons and travel. There is

something of the pioneer in you. As intellectual challenges are also important, you need mental stimulation and the opportunity to discuss issues and get important messages across. You can be very persuasive, but perhaps you also have a tendency to browbeat others. You have an almost religious zeal when it comes to convincing others about what is right and what is wrong. You may even see yourself as a fighter for justice, and whereas this ability to fight for a cause can be very useful under some circumstances, it can also lead to tiring conflicts and disagreements with superiors. Obviously, a job which utilises your energy, enthusiasms and deep convictions would be the best channel for your ebullient energy.

Mars Trine Saturn

This aspect is extremely powerful in your horoscope, and will be a major feature of your character.

Please remember when reading this section, that the harmonious nature of this contact means that you can use the energies creatively, for the most part without negative effects.

PROFESSIONAL - DRIVE: Discipline

You are the workaholic type, and can during the course of your life develop an incredible self-discipline. You may have special talent for working in the building industry, or with mechanics and engineering, or in any field which requires will-power and hard physical work. On occasions however, you can be stricken with inertia, and find it very difficult to get started. You have a fear of failure and can feel particularly vulnerable in competitive situations with other men. Difficulties can arise with male authorities, as you are very sensitive to being dominated or ordered around. You have the will-power and ability to work for yourself, being particularly good at making long-term plans and strategies. To succeed professionally it would be to your advantage to work smarter rather than harder. You can end up using all your time on monotonous work precisely because you are so disciplined and persevering. It can pay for you to take a risk, even though you have a strong fear of failure. Try to be motivated by anticipation of future success rather than fear of past difficulties.

Mars Semisquare Neptune

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart.

You can expect this influence to be hidden and sporadic in its effect - which is negative, especially as concerned social issues, and issues of self-worth.

PROFESSIONAL - DRIVE: Refine your desires

Learning to be motivated and being able to define what you really want to do is one of the greatest challenges for you. You have many talents, especially on the creative side, and these can express themselves in advertising and marketing, matters concerning body energies (for example healing and massage), and many other areas - including social care. Paradoxically you have high ideals, yet may get involved in ethically questionable ventures. You can be driven by a nagging dissatisfaction connected with the meaning of what you are doing, and you thrive best when you work creatively or for a cause which transcends material interests. Doing something you believe in is what motivates you. You have strong socialist impulses.

There is an extraordinarily repetitive theme about being cheated which can affect your working conditions. You will experience on occasions that people go behind your back or over your head - seemingly without any explanation. This is connected with your perfectionism and a tendency to express dissatisfaction. People hide things from you partially to avoid experiencing your

disappointment. If you analyse your own behaviour you will discover that you also have a tendency to hide things from others! By being honest and accepting apparent imperfections, you can avoid unpleasant repetition of these happenings. It is also important for you to speak your mind and take a confrontation when it arises, to clear the air.

Jupiter Transiting Trine Mars

2/13/2008 -> 1/15/2009

This long-term and formative influence will enable you to realise your creative potential in the following area. Try to make the most of the opportunities which now come your way.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve. This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

Jupiter Transiting Conjunction IC

12/6/2008 -> 3/2/2009

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - FOUNDATIONS: Expanding your base

You will probably find family interests and expansion in the domestic sphere taking priority over your professional ambitions at this time. Nevertheless you can experience a degree of luck in your career and perhaps the opportunity to travel or expand your sphere of influence. Surplus emotional energy enables you to be very supportive of those you work with now.

Saturn Transiting Conjunction Mars

10/2/2008 -> 10/23/2009

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - DRIVES: Developing willpower

This is a time to mobilise reserves of willpower and pursue goals with indefatigable determination. You can expect a lot of resistance now, especially from older men in positions of authority. Effort, long-term strategy and hard work is the remedy for problems that arise at this time. Courageous action leads to the building of lasting edifices now.

First of all it is necessary to overcome lack of self-confidence. You may feel that there are men of greater experience available to do the jobs you want, but by training and perseverance, you can - in time - achieve the goals you set yourself. If you don't succeed, try and try again. You will become stronger and more efficient. Great satisfaction can be achieved through the power of organisation and self-discipline - if you rise to the challenge, you will achieve success. This is an excellent time for hard physical work - particularly as regards building and construction.

Uranus Transiting Opposition Mars

3/4/2008 -> 12/31/2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - DRIVES: Sparks

This is a dynamic and inspiring period, though not without an element of danger. You can hardly tolerate anyone telling you what to do now, so you are likely to experience conflict with those in authority. If there is trouble at work, seen objectively it is probably you who is being unreasonable. Your restlessness and desire for change hardly inclines you to compromise and settle in to some boring job now. You need excitement, independence, and a challenge. You would function better on your own now, especially if you could do some travelling internationally. If you have been dreaming of setting yourself up independently, this is the time to do it. There is very little fear of taking risks during this period, and plenty of energy to go it alone.

This is an excellent period for taking initiatives concerning change and renewal. There is a strong likelihood of long-distance travel to exotic destinations. Unconventional work is favoured, particularly in connection with New Age matters. However patience is low, and temper is high. This is an explosive cocktail which can make you more provocative than usual, so take care. You may be fascinated by mechanical or technical matters now, and this is a good time to develop talents in this area.

Wisdom

Jupiter In Aquarius Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

PROFESSIONAL - WISDOM: Awaken others

As you are strongly future-oriented, you thrive best in a career which offers the possibility of personal growth. You would work well in a cosmopolitan environment, especially if this meant dealing with people from very different backgrounds. You are socially and politically conscious, and this can mean success in larger government institutions which offer you the opportunity of realising your ideals. You have a natural talent and openness towards untraditional subjects, and whatever your career, you will almost certainly experience an explosive awakening of awareness at some point in your life. Success comes when you develop your higher consciousness through courses and contact with unusual people. You work well in a job with humanitarian goals.

Jupiter In 3rd House

PROFESSIONAL - WISDOM: Spread your opinions

You are probably a widely-travelled person - at least you have wide interests and constantly seek to expand your mental horizons. You have a natural wisdom and the talent to discern the main issues and true meaning behind everyday events. You have natural abilities as an advisor or teacher, particularly at higher levels of education. You could be a skilled negotiator, perhaps on an international level. Your unquenchable thirst for knowledge and understanding inclines you towards a profession in which you are asked to draw conclusions after studying a wide variety of material. You may be involved in the further education system.

Jupiter Conjunction Saturn

This aspect is of medium strength and its influence will often be felt, though not acutely.

Two energies are unified into one in this planetary aspect, and you will express this energy in a very personal way, for good or ill depending on other factors in your chart.

PROFESSIONAL - WISDOM: Cultural values

You have the capacity to attain a meaningful and powerful position in society. Having the ability to sense the right time, and be in the right place, you know how to take advantage of professional trends to create expansive conditions for professional growth. If all goes well you can consolidate your

Periodically you may be overwhelmed by pessimism and lack of confidence. At these times the future can seem dark indeed. At other times you can be overoptimistic as regards future possibilities, and fail through lack of judgement or preparation. Courses which train your ability to plan, combined with training positive thinking, will greatly benefit you. You can work in central positions in organisations because you inspire the feeling of stability and trust. You may have a talent for planning, consultancy and organisation - and you have the capacity to create structures in society which bring lasting benefit.

Jupiter Square Neptune

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

In your chart there is disharmony between these two planetary influences, and this will be reflected by many struggles both within your mind, and out in the world.

PROFESSIONAL - WISDOM: Expansive dreams

As these planets are relatively slow-moving their influence is felt most on a collective level. Insofar as you channel their influence in your profession you will wish to work on the collective effect of knowledge, the intellect and social influence. There may be a talent for marketing or advertising or selling a dream or vision. There can also be a drive to evangelise on a social, religious or political level. You can be strongly motivated by altruistic ideals and identify with some kind of vision or dream that transcends your own dreams. On a more down to earth level there can be a talents for dealing with oil and related products - particularly plastics. There may also be an interest in oceans, the film industry and anything which enchants on a collective level. You can be hopelessly overoptimistic - heed realistic advice!

Jupiter Opposition MC

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

As these two planets are on opposite sides of your horoscope they indicate that you are split between two quite different drives. As a result you tend to imagine other people with the negative qualities described.

PROFESSIONAL - GOALS: Counsellor

Your foresight and understanding are important assets in your career. You can work in an advisory capacity, and may function well in areas concerned with publishing, travel, law or international affairs. Superiors tend to support you and ensure your promotion. Your chief weakness is a tendency to overestimate your own importance, and to foist your own views on colleagues. You need meaningful goals, and when you follow them you are destined for success.

Jupiter Transiting Conjunction Jupiter

4/8/2008 -> 2/20/2009

There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

Saturn Transiting Trine Jupiter

Doors can open for you now, if you have done the necessary groundwork. You can at least reap the benefit of all the efforts you have made to improve your training and experience. People in authority are liable give you recognition, and this can lead to a change of status or well-earned promotion. If you overestimate your abilities, and hope for success without making effort, then there will be few benefits from this period. You should be prepared to work harder, to wield more influence, and perhaps to travel in connection with your working responsibilities. This is a good time for dealing with authorities and formalising long-term future commitments.

Challenges

Saturn In Capricorn Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

PROFESSIONAL - SELF-RELIANCE: Goals and strategies
Saturn was in Capricorn in the years 1929-32, 1958-61 and 1988-91. These were times of political restructuring and redefinition of goals in society. Inasmuch as this influence is reflected in your professional life, you will be motivated by strong ambitions and the desire to get ahead and prove yourself in society. You will be extremely conscious about who has influence in the professional arena, and may feel inspired to overcome your own reservations about responsibility to rise higher in career hierarchy. If this is the case you will be suited for a position of authority in society. You can command respect because you are extremely conscientious and are capable of reaching the goals you set yourself - however, you make too many demands on others. You can be a good planner and strategist.

Saturn In 3rd House

PROFESSIONAL - SELF-RELIANCE: Educate yourself
Education, ease of expression and intelligence are high priorities for you. You work hard and are extremely conscientious, as it is important for you to feel respected for your abilities. When you overcome a lack of self-confidence as regards your intellectual prowess you will succeed in a profession where mastery of information is important. Despite early fears you will continue to meet mental challenges, perhaps taking training courses quite late on in life to develop your abilities. Your realism can be invaluable in meetings... you are the type who likes to be sure of the facts, before drawing any conclusions. When you express an opinion, it is well thought out and generally carries the weight of experience.

PROFESSIONAL - SELF-RELIANCE: Structural renewal

This rare combination of planets is part of a 46-year cycle, and the influence will affect everyone over a period of approximately a year. In so far as you channel this influence through your career you have the capacity to deal with large organisations and will often find yourself in the position of establishing a bridge from the old to the new. With one foot in tradition and the established values of collective experience, you will also have to deal with the necessity of reform to adjust to a new future. Depending on which side of this equation you are on, there can be conflict with established authorities. Thus you will often be confronted by two separate and very different camps with very different viewpoints. You deal with social structures which have outlived their usefulness; perhaps a revolution is necessary to make room for the future. You can be skilled at finding ways of putting new technology to practical use. You can work in areas concerned with social reform.

Jupiter Transiting Conjunction Saturn

2/29/2008 -> 1/27/2009

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

Saturn Transiting Trine Saturn

10/29/2008 -> 11/22/2009

This is a very beneficial influence, though you may not be consciously aware of the process. Creativity and travel are favoured as you expand your capacities and sphere of influence.

PROFESSIONAL - SELF-RELIANCE: Adjusting direction

As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to

look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society?

It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

Saturn Transiting Through 11th House

1/1/2008 -> 2/28/2008

PROFESSIONAL - SELF-RELIANCE: Social commitment
During this period you will be challenged to overcome your resistance to meeting people socially. Professional success brings social commitments, so now you have to learn to expand your influence in this area and also to take more responsibility for social issues. You should put time aside for unselfish activity working with a group to achieve some long-term project. As such professional ambitions may have to take second place. If you are prepared to loosen up in informal gatherings, you will find that you can make lasting friendships with influential people.

Saturn Transiting Through 10th House

2/29/2008 -> 7/4/2008

PROFESSIONAL - SELF-RELIANCE: Attain goals

This is one of the busiest periods in your professional life, and many demands will be made on your time. If you live up to your responsibilities, define clearly what you want to achieve, and work hard to attain your goals, you can - with time - achieve great success. On the other hand you may find yourself encountering problems with authority figures. If this is so you may have the wrong attitude to the challenges in your path. By accepting more responsibility, and striving to achieve your full professional potential, good results will eventually come. It is wise to learn more about planning and strategy. You have the potential for achieving your professional goals now.

Originality

Uranus In Leo

Uranus In 10th House

PROFESSIONAL - ORIGINALITY: Make your vision real
Career satisfaction will come to you when you feel you are working with something really original. You may have a professional interest in future-orientated matters, modern technology, international travel or humanitarian issues. If your work is too conventional, you may easily become bored - you have a strong professional need for excitement. It is difficult for you to thrive under the leadership of others, as you are an innovator who wishes to see old things done in new ways. This can lead to sudden professional conflicts, which may result in radical career changes - particularly around the age of 42. At some point in your life you may turn away from being employed by others and strike out on your own in an untraditional area. This may be connected with New Age

interests. But as long as you are employed, it can be necessary for you to learn from the professional experience of others, instead of instigating renewal.

Uranus Conjunction Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - ORIGINALITY: Total revolution

This influence last over a period of years and affects whole generations. It is connected with social and technological renewal which transforms world consciousness. If this influence is made personal in your life by aspects to personal planets in your horoscope, you will meet it in the outer world in the form of revolutionary groups or outsiders, or through dealing with the technology of radical change. You may also have a talent for creating revolutionary change in large organisations. There can be a particular talent for working with computers or in organisation where automation is an issue. Or you may play a social role dealing with the personal upheavals that the electronification of society causes. Sudden and extreme employment change may arise as you get swept up in vast collective trends.

Uranus Conjunction N. Node, Uranus Opposition S. Node

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

This connection between two planets shows a fusion of two principles for good or ill. You integrate quite different energies and express them as one process. This manifests as a strong personal character trait.

PROFESSIONAL - DESTINY: The lightning rod

Exciting things happen around you, wherever you are, and you are destined to galvanise into action the groups and organisations you are involved with. You are a force for renewal in those situations that have ground to a halt, and you can channel a message of inspiration or revolution. On the other hand, you tend to light the bomb and walk away, often being seduced by the idea of change for its own sake, and rarely having the ability to handle the consequences. There may be an element of extremism in your nature, and an attraction to extremist groups, or to people on the fringes of society.

Jupiter Transiting Trine Uranus

1/1/2008 -> 1/10/2008

This is a very beneficial influence, though you may not be consciously aware of the process. Creativity and travel are favoured as you expand your capacities and sphere of influence.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

Please read page 16: "Jupiter Transiting Trine Uranus"

Saturn Transiting Conjunction Uranus

4/7/2008 -> 5/29/2008

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - ORIGINALITY: Limiting individualism

This influence may not be so obvious in your life, unless you have strong Aquarius characteristics. It is a time when it pays to make constructive use of modern techniques in your career, or perhaps pursue interests connected with exotic cultures or people. Concrete work on untraditional or new age interests is also favoured. You will probably find that you will have to make some compromises with your tendency to be an outsider and to hold society at arm's length. It pays to build a bridge between old traditions and modern trends. Social idealism and commitment is favoured.

Neptune Transiting Opposition Uranus

2/25/2008 -> 12/31/2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - ORIGINALITY: New Age promise

This influence is rather subtle in its effect - its influence is felt most strongly for those with an Aquarius Ascendant. It is a time when sudden events can change the direction your life takes - perhaps because of the intervention of forces beyond your control. It can be effective for you to make subtle career adjustments, integrating mass marketing factors, or new technology in one way or another. You may be able to tune in to media forces, and harness future trends to promote whatever is important to you. This is typically a time when new age interests, and anything to do with consciousness growth can play an important role in your future - though there is a tendency to experience a degree of disillusion in these matters.

Transcendence

Neptune In Scorpio

Neptune In 1st House

PROFESSIONAL - TRANSCENDENCE: Divine discontent

You are a person with an indefinable aura of mystery and longing. You tend to drift along as you seek to define your mission in life, and the litmus test for whether you are going in the right direction is the strength of your constant inner feeling of discontent. This feeling is the light which refines your being and your life-goals. When you find your professional niche, it will often have a deep spiritual meaning for you, perhaps connected with helping others in some way. You can never truly thrive in a profession which only offers material perspectives. You can feel truly satisfied professionally when you feel that you are being of service to others, or living out your higher destiny.

Neptune Sextile Pluto

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life.

When reading the following description, please bear in mind that you are a fast learner and overcome any difficulties involved very quickly. You can expect to use this aspect constructively and

harmoniously.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and wide ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

Neptune Square MC

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - GOALS: Empty ambition

The traditional path to success is the road to disappointment for you. You need to feel inspired by goals which are not dissolved by the passage of time - goals which go beyond personal ambition. You may be motivated by creative, artistic, musical or film interests, or social ideals. Even when attaining these goals you long to be a part of something greater or to be associated with some universal sense of direction.

Jupiter Transiting Square Neptune

12/31/2008 -> 11/11/2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

This long-term and formative influence will enable you to realise your creative potential in the following area. Try to make the most of the opportunities which now come your way.

PROFESSIONAL - TRANSFORMATION: Power play
During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't! Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

Saturn Transiting Conjunction Pluto

1/1/2008 -> 9/19/2008

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - TRANSFORMATION: Bonds on power
This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when asserting your power.

Destiny

N. Node In Leo, S. Node In Aquarius

PROFESSIONAL - DESTINY: Let your light burn brightly
The early part of your professional life is characterised by a strong group orientation in which you tend to subordinate your own identity to the needs of whatever professional group you find yourself in. However you cannot be comfortable with this kind of anonymity in the long run, and a time will come when you ignore peer pressure and distance yourself from the crowd to develop your own personal style and identity. Satisfaction comes through self-realisation, and this can involve creative ventures, or learning to stand out in front of others to get your personal message across. Collective ventures tend to peter out into failure, unless you allow yourself to be used as a figurehead.

N. Node In 10th House, S. Node In 4th House

PROFESSIONAL - DESTINY: Release from family
As you mature your professional ambitions will assume a growing importance for you. Perhaps you feel a sense of destiny as regards career - at any rate you have a role to perform in society which can have significance for other people. You will undoubtedly find that you have to overcome enormous domestic pressures on your journey, but it serves no purpose to allow these pressures to completely dictate the speed of your progress. No one benefits in the long run if you allow family interests to have priority. Your work may give you a high individual profile and as a consequence you develop a strong sense of responsibility and awareness of personal influence.

This is a very beneficial influence, though you may not be consciously aware of the process. Creativity and travel are favoured as you expand your capacities and sphere of influence.

PROFESSIONAL - DESTINY: Understanding karma
You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

2/27/2008 -> 7/4/2008

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - DESTINY: Group responsibilities
This period is characterised by a professional commitment with a group and the responsibilities that this commitment involves. The interests of the collective may turn out to be more relevant for your career development than your own ambitions or desire for status. Older people in authority may impose limitations on your development, and you can experience a compelling need for greater self-discipline to deal with the demands made on you. The decisions made now can have an important formative effect on your destiny. Benefit comes through subordinating ego needs for the good of others, and accepting the hand of fate, as it moves in your career.

Neptune Transiting Opposition N. Node, Neptune Transiting Conjunction S. Node

3/9/2009 -> 8/24/2009

This extremely strong influence can bring change, dilemmas or separation. The likelihood of travel in connection with these issues is strong.

PROFESSIONAL - DESTINY: Tuning in to Nature
This influence is rather subtle in effect. It may bring you into contact with groups of people who on the one hand are interested in the forces of the media, marketing and advertising, and on the other spiritual growth in one form or another. If you do get involved in a new kind of group at this time, take care that your expectations do not exceed the capacities of the group. It would be an advantage to adjust professional interests so that you can reach a wider spectrum of people by appealing to their hopes and dreams, and their need to acquire more meaning and understanding in life. You can sell a dream to the masses. This is also an excellent time for working on your ideals for society and the environment, especially concerning pollution.

Pluto Transiting Trine N. Node, Pluto Transiting Sextile S. Node

1/1/2008 -> 10/14/2009

This long-term and formative influence will enable you to realise your creative potential in the following area. Try to make the most of the opportunities which now come your way.

PROFESSIONAL - DESTINY: Change of direction
There can be quite a strong reorientation of the life mission at this time - a sense that destiny steps into your path and guides you in a new direction. This will often mean that you will get involved with - or cross paths with - a very powerful group with a strong ideological orientation. You may be required to take a position as regards the use and misuse of power on a collective level. You can expect to be challenged in a mysterious and fateful way now, and your personal integrity will be put to the test.

BARACK OBAMA

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were.

With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily.

THE DIFFERENT SECTIONS

World of Wisdom is designed to simplify this process. It indicates for example the relative strengths of different planetary influences to help the reader's judgement. Furthermore this written report is divided up into sections on identity, emotions, mentality, love and sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL OR PERSONAL PROFILE

Each interpretation can be divided into two main sections: the professional and the personal. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?". The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

This basic module of World of Wisdom also contains a dynamic module and therefore goes beyond a static analysis of personal character. By activating the dynamic module the unfoldment of the horoscope through time is described. By analysing the current trends, it is therefore possible for the reader to gain insight into events just past, events happening at the present moment and trends in the future.

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology, the opportunity of gaining insight into both their professional and personal life.
