Life Path

Ascendant In Libra

PROFESSIONAL - LIFE-PATH: Relating

You have a talent for dealing with people. Your social nature combined with a fine aesthetic judgement gives you the opportunity to excel professionally in areas where good taste and an ability to weigh things in the balance are needed. This can vary from creative pursuits dealing with music or objects of beauty, to consultancy or dealing with personnel. You are strongly motivated to create peace and harmony around you, and will often find yourself taking the middle position between warring parties. As a natural diplomat, you will be appreciated by those you come into contact with. Some may feel you are manipulative, but most people benefit from your genuine concern for their well-being. At crucial times in your life, you may appear to be indecisive. You can agonise about taking a decision, and no amount of information gathering will help you. Ultimately you take decisions on an intuitive level.

Ascendant Sextile Mars

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

When reading the following text, please bear in mind that you will for the most part experience only the positive effects of this aspect. You are particularly stimulated to learn and communicate, as regards the matters concerned.

PROFESSIONAL - LIFE PATH: Undiluted force

You display a rugged personality, and invest energy and enthusiasm in everything you do. An aggressive or overly defensive attitude brings out a competitive attitude in others. This will lead to a number of professional conflicts. You are ever-willing to take up the battle. Nevertheless you are effective in action as long as you are given the freedom to decide things for yourself. You are a good general, but a bad diplomat.

Ascendant Sextile Jupiter

This aspect is of medium strength and its influence will often be felt, though not acutely.

The sextile aspect is favourable, and stimulates your capacity to learn from experience. You can expect the negative effects to be minimal.

PROFESSIONAL - LIFE PATH: The counsellor

You are not interested in trivia, and therefore seek a profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

Venus In Virgo

PROFESSIONAL - VALUES: Love of order

There is a strong perfectionism and love of detail. You are a conscientious person, and may often find that you can use your talents for organisation in jobs which demand both aesthetic talent and organisational sense. There may be secretarial talents, and you will find most satisfaction when you can be of help to other people. You are the person who ensures that things function comfortably in your working environment. You cannot

rest until you have got things just right, and you need a job that utilises your helpfulness and attention to detail. Generally speaking you are conscientious and hard-working, and coupled with your desire to be of service to others, this can mean that you may be taken advantage of - so it is important for you to set limits concerning how much you are prepared to do for others.

Venus In 12th House

PROFESSIONAL - VALUES: Spiritual devotion

You are a romantic at heart, and would function well in a job which gave you the opportunity to express your aesthetic sensitivity. You are undoubtedly a very giving and devotional type, and these qualities can be expressed in many ways. On the one hand you may wish to find a channel for your compassion by giving your services to people in need of care. You may also have creative talents in connection with the arts or marketing because you know what has subliminal appeal to the broad mass of people. And you may prefer your own private, inner world where your aesthetic qualities can be expressed for your inner benefit alone. Although you may experience material benefits from your work, this will not be an important motivating factor. Inner satisfaction is far more important for you.

Identity

Sun In Virgo

PROFESSIONAL - IDENTITY: Oiling the works

Developing personal skills and making yourself useful are primary aims in your life. You are at your happiest when things function smoothly as a result of your efforts. Whatever area you work in, you tend to bring a spirit of efficiency and conscientiousness. You are a truly helpful person, and many people in your life will have cause to be grateful for this. Knowing you have done a job well is more important to you than prestige. Environmental awareness is an important element of your consciousness - whether it concerns the environment of your physical body, the environment of your place of work, or Nature itself (especially if this means dealing with animals). You are an organiser, and are equally at home working with information and things, as with people. You possess a flair for detail, and may have a particular affinity for secretarial work.

Sun In 11th House

PROFESSIONAL - IDENTITY: Group consciousness

You have fine leadership qualities because you know how to integrate yourself into a group without dominating it. As a result people will automatically respect you because they do not feel threatened by you. You function best in a team. You give the impression that the well-being of others is important to your heart and it is. You have humanitarian instincts, believing in the power of consensus and group enterprise. Obviously these talents are best used through having some kind of social power: you can represent people, act as a spokesman or be a group leader of some sort. Over and above social and political interests, you may have some untraditional talents connected with mental development.

Sun Trine Uranus

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

PROFESSIONAL - IDENTITY: Consciousness change

Your chief contribution to society is your ability to entertain original ideas and experiment with new ways of doing things. You need to work in an independent position or with a company which respects and encourages your originality. You quickly become bored if you have to perform the same functions day in day out. You need to meet people - and you thrive on unusual challenges, especially if they involve travel and dealing with radically different cultures. You may travel long distances to exotic countries, or work with advanced technology. Alternatively you will go your own unique direction in your professional life, developing unconventional talents - perhaps connected with consciousness development in one form or another. You are not one to stand on ceremony either - you hate stuffy protocol and thrive on contacts with young and old, rich and poor. It is your job to pave the way to the future with new ideas and an original life-style.

Sun Conjunction Neptune

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

Two energies are unified into one in this planetary aspect, and you will express this energy in a very personal way, for good or ill depending on other factors in your chart.

PROFESSIONAL - IDENTITY: Find meaning in spirituality

On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

Sun Trine N. Node, Sun Sextile S. Node

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DESTINY: The illusion of being

There may be a number of advantages for you in assuming a high profile in connection with specific groups of people. You may be elected as a figurehead, and your personal character can filter down to those you are connected to and have a profound affect on their lives. How to deal with the ensuing recognition or fame may, however, be something of a dilemma for you. Victories can ring hollow, and honour may bring disillusion, although you have a role to play in other people's eyes.

Jupiter Transiting Trine Sun**1/1/2008 -> 10/25/2008**

This long-term and formative influence will enable you to realise your creative potential in the following area. Try to make the most of the opportunities which now come your way.

PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

Jupiter Transiting Opposition Sun**5/21/2009 -> 12/31/2009**

Please read page 4: "Jupiter Transiting Trine Sun"

Saturn Transiting Conjunction Sun**1/1/2008 -> 9/12/2008**

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - IDENTITY: Long-term strategy

You can use this period to rise to the many professional challenges in your life and create the foundations for lasting growth. This is no easy time; many difficulties arise and you will have to work harder and shoulder more responsibilities. Authority figures make demands on you, seemingly without giving you any recognition. If you try to avoid commitment now, you are likely to be dogged by worries and problems. Your self-confidence may be low, and you may feel that you cannot live up to the expectations of others. Time will show that you can overcome difficulties and achieve goals.

Planning and strategy is of the essence, and it pays to plan months ahead and to tighten up schedules, working to realistic deadlines in a committed manner. By completing your work in

stages and dividing large projects into smaller sections, you will find that you can handle enormous responsibility. You will not get something for nothing now, but hard work will be rewarded in the long term, so roll your sleeves up and get down to it.

Pluto Transiting Trine Sun

3/1/2009 -> 12/31/2009

This is a very beneficial influence, though you may not be consciously aware of the process. Creativity and travel are favoured as you expand your capacities and sphere of influence.

PROFESSIONAL - IDENTITY: Personal transformation

This is an intense period in which you are under considerable personal pressure. You will radically redefine your identity at this time, so if you identify strongly with your career, you can expect fundamental restructuring of your goals. This is the time to sort out basic issues, as you do not want to waste valuable time on work that does not interest you. If you are dissatisfied with your job, you will now feel that it has no future whatsoever. However you will also feel that there is no alternative but to continue. But there is. You have to take a jump in the dark without expecting any guarantees whatsoever. When you jump, you will land in one piece, but old structures must be destroyed and a new foundation cleared, before you can start anew.

Leadership issues will be paramount. If you have an executive position, you will want to totally change your role. Leaders around you may fall from power. After this exhaustive process is over, you will have discovered new depths to your being, and buried talents will have risen to the surface.

Emotions

Moon In Capricorn

PROFESSIONAL - EMOTIONS: Clarify your motivations

You have been brought up to be very goal-oriented, and you have a strong unconscious drive to prove yourself to the world. Major reorientation in your life comes when unpredictable developments in career matters lead to a deeper analysis of your true motivation in striving for success. By discovering your own needs and discarding the expectations of authority figures in your life, you can learn to relax. As you mature, your strong sense of responsibility becomes a factor which other people can benefit from. You take people seriously and you will be respected for this. You demand more from yourself than you do from others, and this means that you are likely to attain many of your ambitions through effort and conscientiousness alone.

Moon In 4th House

PROFESSIONAL - EMOTIONS: Attachment to the home

Security is a major preoccupation for you, and you may wish to work in areas concerned with the home, land and property, or with areas connected with caring for others, or perhaps on environmental issues. You may have a talent for gardening. You function best when there is peace on the home front, but often find yourself distracted by family worries. Parental bonds, or a reluctance to get away from the family can limit your possibilities to advance professionally. However you are appreciated at work because of your concern for others, and ability to create a comfortable atmosphere. You may like to work from home, or

have a job not far from your house.

Moon Trine Mercury

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Emotional awareness

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

Moon Trine Venus

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

PROFESSIONAL - EMOTIONS: Empathy

You have very winning ways with all kinds of people and can gain a great deal of personal popularity. Dealing with others - particularly the public - in some way or another, can be an important ingredient in your profession. You may simply like people; at least people feel as if you do. You have a particular talent for dealing with women, partly because you have an instinctive understanding of their ways. Women can play an important role in your professional advancement - indeed you may be rather dependent on their goodwill for better or worse. Basically you are a caring and sympathetic person - and you show it. Therefore you would function well in a position which gave you daily contact with people and the opportunity to support and nurture them in some way. You shun hard professional tactics and are easily hurt when rebuffed. This means that you may be too fragile to handle the rough and tumble of the marketplace. To feel secure you need to have a solid economy, otherwise you tend to be afflicted by worry. You have a talent for investment - particularly in property.

Moon Sextile Saturn

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

The sextile aspect is favourable, and stimulates your capacity to learn from experience. You can expect the negative effects to be minimal.

PROFESSIONAL - EMOTIONS: Self-sufficiency

You are a very responsible and dutiful person who is very motivated to live up to your commitments to society. You can work well in a role which requires hard work and a lot of responsibility, especially if this entails formal relations with the

public in some way. You can function effectively as a buffer between the public and the authorities. You may have a special talent for working with old people, or with people who have emotional problems or very difficult life circumstances. You have a measured response to the people you meet and can evoke considerable respect from others, just as long as you do not allow yourself to be crippled by shyness. You can perform monotonous tasks patiently, and are good at systematising things and creating order. Professionally you are strongly motivated by job security and continuity at work. You are not very flexible, and tend to stick to long-term habits and work-patterns. On the other hand you are reliable and conscientious.

Moon Trine Neptune

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Develop intuitive sensitivity
You are a supremely sensitive and impressionable person, and this will express itself as a moodiness and indefinable dissatisfaction. Yet you will almost certainly have creative and caring sides to your nature which can stand you in good stead professionally, as long as your job is not monotonous or meaningless. You have a capacity for being very sympathetic and understanding, and this may be a part of your work. You have spiritual talents - perhaps you can work with dreams or the unconscious in some way. You are powerfully influenced by your environment, and including the mood of the people around you. It is wise to choose environments free from pollution, spiritually, emotionally and physically.

Moon Opposition Pluto

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

As these two planets are on opposite sides of your horoscope they indicate that you are split between two quite different drives. As a result you tend to imagine other people with the negative qualities described.

PROFESSIONAL - EMOTIONS: Deep emotional involvement
You are strongly motivated on an unconscious level by a need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

Jupiter Transiting Conjunction Moon

3/10/2008 -> 2/3/2009

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - EMOTIONS: Expanding your base
This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

Saturn Transiting Trine Moon

11/18/2008 -> 12/19/2009

This is a very beneficial influence, though you may not be consciously aware of the process. Creativity and travel are favoured as you expand your capacities and sphere of influence.

PROFESSIONAL - VALUES: Emotional self-sufficiency
Issues of economic and job security become very pressing at this time, and you will feel a strong drive to overcome any weaknesses in this area. You can however expect a lot of difficulties, especially if you indulge immature expectations, or rely too much on others. Childish behaviour gets you nowhere now, and if you do not have conscious control over your emotional reactions you can expect to be unpopular. The atmosphere in your working environment may be rather heavy now - perhaps because of an elder woman who is trying to assert her authority. The more mature you are, the better you can handle trying situations. You have to know when to set limits, whilst still living up to your responsibilities. You can develop the self-discipline and patience to work with people in difficulty, if you choose to.

Mentality

Mercury In Libra

PROFESSIONAL - MENTALITY: A balanced view
You have diplomatic skills and a refined way of expressing your views without offending others. Your ability to see both sides of an issue and conciliate between opposite camps means that you

can be a fine negotiator. You prefer to deal with people rather than things, and this may express itself in a profession where contact with others is the norm. Some people might consider you vacillating and indecisive. Actually you can make a decision, but you like to spend considerable time weighing the pros and cons. You probably prefer to put off decisive action until the last moment. When you do decide, your judgement is normally quite sophisticated, and guided by social and aesthetic considerations.

Mercury In 12th House

PROFESSIONAL - MENTALITY: Mental communion

You have some unusual mental abilities because you are able to harness your intuition and tune in to signals and ideas which other people are not sensitive to. You function best in situations where you can have a low profile mentally and operate behind the scenes with your ideas. You appreciate having the mental privacy to get on with your business without being disturbed. Being sensitive to mental pollution - the gossip, chattering or superficiality of others - you withdraw into the world of your own imagination. Here you can think up many ideas and projects which can bring professional success - particularly in connection with marketing, advertising or the media. You may also have artistic, creative or musical abilities.

Mercury Trine Moon

Mercury Conjunction Venus

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

Two energies are unified into one in this planetary aspect, and you will express this energy in a very personal way, for good or ill depending on other factors in your chart.

PROFESSIONAL - MENTALITY: Affability

You are a very versatile person, combining good judgement with taste and the ability to convey information in a pleasant manner. Success comes when you work with communication in one form or another. You may excel in the arts or in public speaking. You bring a human element into your professional dealings, and advancement will often come through the goodwill of others. Your mild manner and diplomatic nature leaves a good impression on others. You would function well in a position with lots of contact with people, for example dealing with personnel. You are very concerned about justice and make a strong effort to see both sides of any issues. You can secure agreement because you are willing to listen to others, and you are careful not to alienate people with impulsive remarks. Obviously with these talents you will prefer a harmonious professional environment to one in which there was too much trouble or competition.

Mercury Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

When reading the following description, please bear in mind that you are a fast learner and overcome any difficulties involved very quickly. You can expect to use this aspect constructively and harmoniously.

PROFESSIONAL - MENTALITY: From secrecy to openness

You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective

and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical attention to detail. There is an ability to tap hidden sources of information. In your professional life, however, you are inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

Mercury Square N. Node, Mercury Square S. Node

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - DESTINY: Mind games

You are possessed of considerable mental talent and more than a touch of genius. It is difficult for you to know where you get your ideas - you are moved by distant memories and seem to be able to tap in to thought processes which have their roots in something universal. What you think, write and say can have a particular significance for your generation, because it touches a chord in them which they instinctively understand. When you work with communication in one form or another, you are close to fulfilling your destiny.

Jupiter Transiting Square Mercury

1/1/2008 -> 2/11/2008

This is a time of tension and dramatic change which may be most apparent in your domestic life, or in your career. Use the time to make much-needed changes.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more. If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

Jupiter Transiting Trine Mercury

5/1/2008 -> 2/26/2009

Please read page 7: "Jupiter Transiting Square Mercury"

Saturn Transiting Conjunction Mercury

9/20/2009 -> 12/31/2009

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - MENTALITY: Mental self-discipline

You are challenged now to get organised and to administrate your time sensibly. There is a particularly emphasis on improving and consolidating your talents. Long-term plans for training courses or intellectual improvement can be put into effect. Writing or communication blockages must be overcome. You can develop the necessary mental discipline now to attain your goals. Expect communication problems, and expect plans or travel arrangements to be delayed. There needs to be far more attention to detail. Attend to the small print when signing contracts.

Learning to economise with your words and messages is an essential lesson for this period. How can you express yourself most effectively in the shortest possible time? If you develop the self-discipline to organise your daily life so that you can attend to mental challenges, you can expect very satisfactory long-term results. There is a strong emphasis on business matters at this time - but many minor irritations. Take one problem at a time, be patient, and solve challenges with long-term strategies.

Pluto Transiting Square Mercury

1/4/2008 -> 12/31/2009

This is a time of tension and dramatic change which may be most apparent in your domestic life, or in your career. Use the time to make much-needed changes.

PROFESSIONAL - MENTALITY: Replace outdated ideas

This is a time of mental pressure, when the mind incessantly dwells on issues without being able to solve them. This mental energy should be used to investigate new subjects and understand the core of things, rather than on needless worries and anxieties. Avoid getting obsessed about issues at this time. Secrets come up now - both your own and other people's - so it is important to be honest. There can be a feeling of a conspiracy, or maybe vicious gossip in the working environment. It is better to be aloof than involved. Lies surface, and so does the truth. However it is now that investigations brings results, even though the truth can be unpleasant. Vigorous action needs to be taking to root out dishonesty or corruption.

This is an excellent period for working with computers and gaining psychological insight. Courses connected with the science of the mind are favoured. Old systems of accounting, bookkeeping, filing, etc. should be replaced by new. This is an extremely hard-working period, and you may even find yourself working into the night-time hours. Take it easy, as your health can suffer during this period. Acute problems can be experienced with existing transport - this is the time to scrap old vehicles - and new transport possibilities may arise.

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

In your chart there is disharmony between these two planetary influences, and this will be reflected by many struggles both within your mind, and out in the world.

PROFESSIONAL - VALUES: Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and influence people. You can deal with cultural issues or artistic objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question altogether. Your warm personality and optimistic view of the future are your greatest assets.

Venus Opposition Saturn

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

As these two planets are on opposite sides of your horoscope they indicate that you are split between two quite different drives. As a result you tend to imagine other people with the negative qualities described.

PROFESSIONAL - VALUES: Formality

You have a strong sense of responsibility regarding your professional relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a

strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

Venus Sesquiquare Uranus

This aspect is of medium strength and its influence will often be felt, though not acutely.

The tension created between these two planets is for the most part on a hidden and unconscious level. It can manifest as stubborn confrontation in situations which threaten the ego or sense of emotional security.

PROFESSIONAL - VALUES: Untraditional relationships

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

Venus Conjunction Neptune

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart.

This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - VALUES: Acceptance

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty, you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

Venus Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

When reading the following text, please bear in mind that you will for the most part experience only the positive effects of this aspect. You are particularly stimulated to learn and communicate, as regards the matters concerned.

PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to

avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some people and alienate those who are not impressed by your apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

Jupiter Transiting Trine Venus

2/15/2008 -> 1/16/2009

This long-term and formative influence will enable you to realise your creative potential in the following area. Try to make the most of the opportunities which now come your way.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

Saturn Transiting Conjunction Venus

10/6/2008 -> 10/27/2009

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - VALUES: Building self-worth

Economical issues come to the fore now, and you will probably find yourself having to work long and hard, perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment.

It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have been closed for you until now, learn for example the finer points of diplomacy and

overcome clumsiness or shyness in dealing with people. An understanding and appreciation of taste and style can be the keys to much desired status improvements.

Uranus Transiting Opposition Venus

3/12/2008 -> 12/31/2009

This extremely strong influence can bring change, dilemmas or separation. The likelihood of travel in connection with these issues is strong.

PROFESSIONAL - VALUES: New social environment
Sudden changes of values now can inspire you to make changes and adjustments in your career. This is a more social period, so you will not be content with jobs that just involve facts and figures. You need to get out, travel and meet people - preferably unconventional types who can surprise and inspire you. This need to be surrounded by new people may be a problem if you are working in a very formal and stuffy environment, and you might wish to consider job change, to satisfy your need to be socially and aesthetically stimulated.

You would thrive in an international environment now, in which you can make use of language ability and social qualities. You are less likely to be hung up on economy and material things at this time - you discover new values and pleasures through contact with new peoples and cultures. You may discover a capacity for bringing awareness and a new quality of life to others, particularly as regards principles of freedom and unattachment.

Drives

Mars In Leo

PROFESSIONAL - DRIVES: Develop leadership qualities
You have a very strong sense of identity and are motivated by a desire to create a powerful impression. Recognition of your efforts is essential, and you will tend to measure your success by the prestige you achieve in other's eyes. Never being content with a back seat you seek personal challenges so that you can prove yourself. You are creative and function well when you are at the centre of attention - for example teaching children. You like to see yourself reflected in the work you do. There is a lot of pride, and the very idea of failure is unacceptable for you. This can mean that you stubbornly stick to the wrong course of action just to save face, or that you come into conflict because you have difficulty admitting you are wrong. When you overcome these weaknesses you can be an excellent leader as people will automatically look up to you.

Mars In 10th House

PROFESSIONAL - DRIVE: Professional initiative
Professional success is a continual battle for you, and you throw considerable energy into making your mark on society. You are a fighter, and this can mean that you get involved in professional squabbles - particularly with male superiors. You work best when you are free to make your own decisions. It is really too much to expect you to take orders from others. On the other hand, if you are given sufficient room to manoeuvre, you will be an asset to any company because you fight hard and rarely give up. The competitive spirit will normally bring the best out in you, and it is

essential for you to have constant challenges. You are a typical "hands on" person - a fair but tough boss, and a rather fractious employee. Physical work may appeal to you, and there may be a professional connection with machines or the building trade.

Mars Trine Jupiter

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

PROFESSIONAL - DRIVES: Ebullience

You are a person with considerable optimism and energy, and your generally dynamic nature and positive attitude to the future will most probably bring expansion and success in your professional life. You are endowed with great courage and enjoy a challenge, so you would thrive in employment which gave you the opportunity to expand your horizons and travel. There is something of the pioneer in you. As intellectual challenges are also important, you need mental stimulation and the opportunity to discuss issues and get important messages across. You can be very persuasive, but perhaps you also have a tendency to browbeat others. You have an almost religious zeal when it comes to convincing others about what is right and what is wrong. You may even see yourself as a fighter for justice, and whereas this ability to fight for a cause can be very useful under some circumstances, it can also lead to tiring conflicts and disagreements with superiors. Obviously, a job which utilises your energy, enthusiasms and deep convictions would be the best channel for your ebullient energy.

Mars Square Uranus

This aspect is of medium strength and its influence will often be felt, though not acutely.

There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DRIVE: Experimentation

You are an extremely dynamic person and you can perform tasks in a flurry of activity in half the time ordinary mortals take. You need excitement and originality in your work, and you do your best work when a deadline is threatening. When you decide to act, you strike like lightning. However you are best at working in short bursts of energy. Longer periods of activity tire and bore you. You have talent for working with technical matters - for example engineering, computers etc. You may also have a taste for more untraditional work, perhaps connected with New Age fields, consciousness-raising etc. The essential ingredient is freedom to experiment and learn from your own experiences. You are not very good at working in a team because you can react violently to being told what to do. You hate restrictions and orders and you need to go your own way. Other people may experience you as rebellious and you have a tendency to get into trouble with authorities. You are something of a pioneer, and may embark on dangerous travels to foreign lands.

Jupiter Transiting Opposition Mars

1/16/2009 -> 12/9/2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve. This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

Jupiter Transiting Conjunction IC

1/16/2008 -> 12/19/2008

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - FOUNDATIONS: Expanding your base

You will probably find family interests and expansion in the domestic sphere taking priority over your professional ambitions at this time. Nevertheless you can experience a degree of luck in your career and perhaps the opportunity to travel or expand your sphere of influence. Surplus emotional energy enables you to be very supportive of those you work with now.

Wisdom

Jupiter In Sagittarius

PROFESSIONAL - WISDOM: Promote your visions

Professionally you will experience satisfaction in a position which affords dynamic growth and an international network of contacts. Your powers of judgement and almost visionary ability to see ahead are valuable assets. Travel and the chance to visit exotic countries would be an important perk for you. Getting your ideas across can be more important for you than material goals. You want influence, and you need to feel that you are constantly growing. Job stability is not half as important to you as personal development. You have the gift of putting things into perspective and identifying the overall direction a process is developing towards.

Jupiter In 2nd House

PROFESSIONAL - WISDOM: The Universe will provide

You are generally fortunate in economic matters, and one of your greatest resources is your ability to expect the best of the future. Your capacity to have faith in the principle of abundance will be directly reflected in your material success. You are willing to spend money to make money, and many people can benefit from your generosity. You may have a talent for advising others on economic issues, especially as you have considerable financial foresight. You may earn money in connection with abroad. Financial security is a natural expectation for you. It is unlikely that there will be any anxiety as regards economic matters, but should there be, you are a fast learner and gain insight into major issues when in financial trouble.

Jupiter Square Saturn

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - WISDOM: Cultural values

You have the capacity to attain a meaningful and powerful position in society. Having the ability to sense the right time, and be in the right place, you know how to take advantage of professional trends to create expansive conditions for professional growth. If all goes well you can consolidate your position after a period of expansion, and from this new foundation go on to create further growth. The main issue as regard success is the ability to have faith in the future and act on it. Periodically you may be overwhelmed by pessimism and lack of confidence. At these times the future can seem dark indeed. At other times you can be overoptimistic as regards future possibilities, and fail through lack of judgement or preparation. Courses which train your ability to plan, combined with training positive thinking, will greatly benefit you. You can work in central positions in organisations because you inspire the feeling of stability and trust. You may have a talent for planning, consultancy and organisation - and you have the capacity to create structures in society which bring lasting benefit.

Jupiter Square Neptune

This aspect is extremely powerful in your horoscope, and will be a major feature of your character.

There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - WISDOM: Expansive dreams

As these planets are relatively slow-moving their influence is felt most on a collective level. Insofar as you channel their influence in your profession you will wish to work on the collective effect of knowledge, the intellect and social influence. There may be a talent for marketing or advertising or selling a dream or vision. There can also be a drive to evangelise on a social, religious or political level. You can be strongly motivated by altruistic ideals and identify with some kind of vision or dream that transcends your own dreams. On a more down to earth level there can be a

talents for dealing with oil and related products - particularly plastics. There may also be an interest in oceans, the film industry and anything which enchants on a collective level. You can be hopelessly overoptimistic - heed realistic advice!

Jupiter Sesquiquare Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

The influence of this aspect is deeply unconscious and sporadic, though when felt it can manifest itself in uncompromising conflict with others.

PROFESSIONAL - WISDOM: Transformation of beliefs
This influence is often felt more collectively than personally. This is a combination that shows power in one form or another: big money, the power of ideology, the law. You will have very strong convictions and a intense sense of justice, and as such will often find yourself getting involved in issues connected with beliefs, righteousness, power and the misuse of power - especially as far as large organisations are concerned. Success comes when you encourage tolerance in yourself, and flexibility concerning your views, thereby overcome a tendency to be unreceptive to the opinions of others. Systems of positive thinking can transform your life.

Jupiter Quincunx MC

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

The connection between these two planets means that you tend to overcompensate in the areas described by being too helpful. This means that you unconsciously encourage other people to take advantage of you.

PROFESSIONAL - GOALS: Counsellor
Your foresight and understanding are important assets in your career. You can work in an advisory capacity, and may function well in areas concerned with publishing, travel, law or international affairs. Superiors tend to support you and ensure your promotion. Your chief weakness is a tendency to overestimate your own importance, and to foist your own views on colleagues. You need meaningful goals, and when you follow them you are destined for success.

Saturn Transiting Square Jupiter

1/1/2008 -> 8/24/2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Opportunity knocks
This can be a good time in your professional life, if you are prepared to harness your vision of the future to build something lasting. Doors can open for you now, if you have done the necessary groundwork. You can at least reap the benefit of all the efforts you have made to improve your training and experience. People in authority are liable give you recognition, and this can lead to a change of status or well-earned promotion. If you overestimate your abilities, and hope for success without

making effort, then there will be few benefits from this period. You should be prepared to work harder, to wield more influence, and perhaps to travel in connection with your working responsibilities. This is a good time for dealing with authorities and formalising long-term future commitments.

Uranus Transiting Square Jupiter

1/1/2008 -> 12/28/2008

This is a time of tension and dramatic change which may be most apparent in your domestic life, or in your career. Use the time to make much-needed changes.

PROFESSIONAL - WISDOM: Journey into Space
This is a very dynamic period for the expansion of your horizons. There will often be long-distant travel to exotic destinations at this time, or increased contact with foreign countries. International contacts can prove valuable to your profession, and should be cultivated. During this explosively expansive period there can be considerable restlessness - you can hardly be satisfied with a desk job now, or any kind of education or training which does not offer an experiential curriculum. Surprising and unpredictable developments can arise - particularly in connection with legal matters; therefore care should be taken as regards contracts or commitments. You can use the energies of this period optimally by integrating new visions of the future into your goals. Enhanced consciousness and interest in unconventional subjects can play a role in your future.

Jupiter Transiting Through 3rd House

1/1/2008 -> 3/5/2008

PROFESSIONAL - WISDOM: Explore every avenue
A considerable expansion in your social life takes place at this time, and you will find yourself travelling more, meeting people and taking advantage of your communication talents. Learning skills are boosted, you may work with new languages and you will benefit considerably from the mental stimulation of being with others. It's a good time to expand transport possibilities.

Jupiter Transiting Through 4th House

3/6/2008 -> 7/17/2008

PROFESSIONAL - WISDOM: Expanding your roots
You have the capacity at this time to expand your sense of security and feeling of belonging. Success and satisfaction connected with the home and family create the foundation for greater emotional resources in connection with your career. Good fortune can arise connected with land and property, and you may experience increased support from your family.

PROFESSIONAL - WISDOM: Feel good

A long-awaited boost in personal self-confidence can be relied on to give success and recognition in your professional life. If you have creative interests, this is the time to expose your talents to the public eye. Your charisma is at a peak, so it's a question of taking a gamble and believing in yourself. Don't hide your light under a bushel - think positively and expect to win.

Challenges

Saturn In Pisces Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

PROFESSIONAL - SELF-RELIANCE: Transcendence of ambition
Saturn is to be found in this sign in the periods 1935-38, 1964-67 and 1993-96, and during these periods there was a profound awareness of social needs and a desire to improve the situation of the underprivileged. If you come to express this influence in your career, you will be motivated by a deep concern, and will find success in a job in which you could help those who cannot help themselves. If you can overcome inner blockages, you may also discover a creative talent. It can be difficult for you to reconcile the drive to achieve, which you see motivates others, with the awareness that many people never make it to the top. You are therefore not motivated by the allure of success, or if you think you are it will prove elusive. To achieve success in life it is important for you to overcome depressive tendencies and lack of faith in yourself, and replace negativity with a compassionate attitude. Success may involve an element of sacrifice.

Saturn In 6th House

PROFESSIONAL - SELF-RELIANCE: Overcoming burdens
Work and duty play a very important role in your life - although things are never easy in this area. You may feel that you have to work to hard, or that your work does not fulfil you or is too monotonous. Indeed you may have great difficulties with employment in your youth. If you do not have the courage to go for what you dream of doing, you will end up in some inferior position obeying someone else's orders. You have a lot to learn as regards co-operation with others - and this is connected with a defensive attitude at work. You wish to be respected for what you do, but are often not receptive to the feedback - both positive and negative - co-workers give you. You get the hang of things after the age of 30. If you rise to the challenge of getting down to some formal training, you can become an expert in whatever field you choose. You function well in a role in which you have authority. You are after all a very hard-working person, and employers will appreciate your conscientious attitude. You work economically and are good at making enterprises more efficient. Although you tend to stay in a job for long periods, you will need to make adjustments at work about every 7 years, even though flexibility is not your strong point. If you cultivate an open attitude to the people you work with, and admit to your feelings of professional insecurity, you will be treated with more consideration.

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

As these two planets are on opposite sides of your horoscope they indicate that you are split between two quite different drives. As a result you tend to imagine other people with the negative qualities described.

PROFESSIONAL - SELF-RELIANCE: Dissolution of structure
These two slow-moving planets form rare aspects as part of a 36-year conjunction cycle. Insofar as you express this influence in your professional life, you will be concerned with making dreams real, and bringing visions down to earth. This may be expressed politically, through concerned social work, or perhaps your career will be touched by some other form of contact with the pressing social issues that this aspect symbolises. This can mean dealing with suffering in one form or another, for example loneliness or poverty, old age, alcoholism etc. As regards your own ambitions, you will often feel that you are driven by a deep sense of professional dissatisfaction, and even the goals you attain may seem empty once they are achieved. True meaning is found in some form of service in which you sacrifice personal ambition for a universal cause.

Saturn Trine Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

Please remember when reading this section, that the harmonious nature of this contact means that you can use the energies creatively, for the most part without negative effects.

PROFESSIONAL - SELF-RELIANCE: Re-evaluate personal power

Normally this influence is felt more collectively than personally. The main issue here is the structure of power - its use and misuse. In your life you are sure to encounter people and organisations who have a powerful position in society, for good or ill. This can for example include the police, tax authorities, corporations or secret organisations. When this influence becomes strong in your life, you will find yourself in a position which requires enormous willpower. This can lead to the overthrow of powerful people, or the collapse and restructuring of powerful institutions. It is your mission to transform the unacceptable use of authority. You also have the capacity to wield power and in doing so reform organisations.

Saturn Trine MC

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - GOALS: Against the odds
Family pressures play an important role in your laborious climb up the ladder of success, and you may experience considerable difficulty living up to parental expectations or the demands of your superiors. When you overcome lack of self-confidence and

decide what it is you personally want to do, you achieve success - though late in life. When you clarify your own inferiority complex in relation to people in power, you can assume a position of authority and have a lasting influence on society. Beware of dictatorial behaviour.

Saturn Transiting Opposition Saturn 9/14/2008 -> 10/4/2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - SELF-RELIANCE: Adjusting direction
As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society?

It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

Uranus Transiting Conjunction Saturn 1/21/2008 -> 12/31/2009

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - SELF-RELIANCE: Renewal of plans
This may well be a period of increased social activity and intellectual curiosity. You should ask yourself questions now concerning the viability of long-term plans and well-established traditions in your career. Should things continue as they have been, or would it be wise to experiment and integrate new techniques? Unpredictable events can arise which force you to make changes. It would be to your advantage to consider the humanitarian aspects of your work, and do something which has positive social consequences. International contacts and modern technology can also benefit you. On a deeper level you may want to take a closer look at professional commitments and change your values, so that you can have more freedom and independence. Freedom, experimentation and flexibility are key words now, as you cannot thrive under the command of others, or with a rigid work schedule.

Saturn Transiting Through 11th House

1/1/2008 -> 10/18/2008

PROFESSIONAL - SELF-RELIANCE: Social commitment
During this period you will be challenged to overcome your resistance to meeting people socially. Professional success brings social commitments, so now you have to learn to expand your influence in this area and also to take more responsibility for social issues. You should put time aside for unselfish activity working with a group to achieve some long-term project. As such professional ambitions may have to take second place. If you are prepared to loosen up in informal gatherings, you will find that you can make lasting friendships with influential people.

Saturn Transiting Through 12th House

10/19/2008 -> 3/23/2009

PROFESSIONAL - SELF-RELIANCE: Letting go
You will find many of your hard-fought efforts coming to nothing at this time. Your strategies for success, which worked so well in the past - have now outlived their usefulness. You may not know it yet, but the time is approaching when you will be setting new goals for yourself, and a new professional cycle will begin. In the meantime it is not helpful to battle away trying to achieve old goals or apply the same old strategies to professional challenges. It may be wiser to allow things to run down, and search for the new goals which even now are taking form within. Listen to your as yet unspoken dreams for the future.

Originality

Uranus In Taurus Retrograde

At birth this planet appeared to be moving backwards relative to the Earth. You will learn special lessons in connection with attachments to people and things from the distant past, and a turning point will arise, at some point in your life, in the matters described.

Uranus In 7th House

PROFESSIONAL - ORIGINALITY: Unconventional relationships
You have the ability to change other people through daily contact with them. You may have many abrupt meetings with people during your work and actually you like the distraction of seeing new faces during the course of the day. You have a talent for dealing with people who are outsiders in society, whether because of social inequality or because they come from another culture or land. You are at your most inspired when you can shock people into action or raise their consciousness in some way. As you rather dislike being limited by conventional relationships, you function best in an independent position in which you can choose who you want to be with and who you don't. Business partnerships can end suddenly and unpredictably because your criteria for co-operating with others are centred around interest and novelty rather than stability.

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - ORIGINALITY: Spiritual revolution
This long-lasting aspect will be shared by everyone born in any particular 4-year period, but if you express its influence in your career you will be able to channel a talent for working with the electronic media on one level, or personal consciousness on another. There is an electric idealism with this aspect and very little grounding. Some people may be able to tune into latent telepathic and clairvoyant powers, and use them in their job. Contact with international companies which have strong cross-border communications brings good fortune. Work with advanced technology, especially connected with instantaneous communication is another possibility. There is an inbuilt tension between the principles of freedom and service which can be expressed in irrational political and social convictions.

Jupiter Transiting Square Uranus

1/4/2009 -> 11/19/2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: The future now
This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

Saturn Transiting Trine Uranus

1/1/2008 -> 6/29/2009

This long-term and formative influence will enable you to realise your creative potential in the following area. Try to make the most of the opportunities which now come your way.

PROFESSIONAL - ORIGINALITY: Limiting individualism
This influence may not be so obvious in your life, unless you have strong Aquarius characteristics. It is a time when it pays to make constructive use of modern techniques in your career, or perhaps pursue interests connected with exotic cultures or people. Concrete work on untraditional or new age interests is also favoured. You will probably find that you will have to make some compromises with your tendency to be an outsider and to hold society at arm's length. It pays to build a bridge between old traditions and modern trends. Social idealism and commitment is favoured.

Transcendence**Neptune In Virgo****Neptune In 11th House**

PROFESSIONAL - TRANSCENDENCE: Utopia

It is rare for you to find pleasure or security through the social connections related to your professional life. You may feel a sense of social isolation on the one hand, but on the other you find it hard to share the values of your business associates and prefer your own company. You would function best in a job where your social idealism could be expressed. You need the company of caring and creative people, artists and musicians in your working environment to be truly fulfilled. Though you are something of a social visionary and extremely sensitive to the plight of those less fortunate than yourself, you may be rather unrealistic as regards solutions. An attitude of tolerance towards human weakness is to be recommended - you only have to think of your own.

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life.

When reading the following description, please bear in mind that you are a fast learner and overcome any difficulties involved very quickly. You can expect to use this aspect constructively and harmoniously.

PROFESSIONAL - GOALS: Empty ambition

The traditional path to success is the road to disappointment for you. You need to feel inspired by goals which are not dissolved by the passage of time - goals which go beyond personal ambition. You may be motivated by creative, artistic, musical or film interests, or social ideals. Even when attaining these goals you long to be a part of something greater or to be associated with some universal sense of direction.

Jupiter Transiting Trine Neptune

1/15/2008 -> 12/18/2008

This long-term and formative influence will enable you to realise your creative potential in the following area. Try to make the most of the opportunities which now come your way.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles
You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

Saturn Transiting Conjunction Neptune

8/13/2008 -> 9/1/2009

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Making dreams concrete
This influence may not be felt very strongly, unless you have a strong Pisces influence in your horoscope. It can be difficult to

make concrete plans now, things tend to flow in an uncontrollable way, goals slip through your fingers. Instead of making strategies and long-term goals it would be an advantage to do something constructive with your creative talents. Your greatest asset at this time is your imagination, so try to think of practical applications for creative ideas. If you act in a determined manner you can realise many of your dreams and visions now. This is an excellent time for helping people who are losers in society.

Uranus Transiting Opposition Neptune

1/1/2008 -> 1/25/2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - TRANSCENDENCE: Inner dimensions
This influence is rather subtle in its effect, although it can be felt strongly by those with a strong Pisces nature. It is very transcendental in nature encouraging you to get in touch with subliminal forces in society and harness them in your professional life. This influence is good for mass marketing techniques, working with the media and advertising, and international contacts. It is especially good for New Age interests, awakening latent talents for clairvoyance, astrology and the like. Unrealistic dreams and expectations can take flight now, so try to be as realistic as possible.

Transformation

Pluto In Cancer

Pluto In 10th House

PROFESSIONAL - TRANSFORMATION: Transform your ambitions
You can invest enormous energy into achieving your goals - even to the point of obsession. Behind this compulsion lies a deep subconscious need to prove yourself. On the positive side, this will bring results, simply because of the efforts you make. However, there will come a time in your life, where you will discover that your personal destiny is something quite different from what you have hitherto strived for. The career transformation which follows perhaps around the age of 40 - will lead to totally new interests, where your talent for going into depth and giving yourself 100% will bring success. You are suited to a job where you wield a certain amount of power. When it is a question of taking unpleasant decisions, even if this can affect the jobs of others, you are capable of being quite ruthless - even with yourself. You have a special talent for identifying factors that undermine success, and rooting them out. As such you are a skilled reformer. There may also be a talent for working with computer technology or psychology-related subjects.

Jupiter Transiting Opposition Pluto

3/16/2008 -> 2/7/2009

This extremely strong influence can bring change, dilemmas or separation. The likelihood of travel in connection with these issues is strong.

PROFESSIONAL - TRANSFORMATION: Power play
During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't! Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

Uranus Transiting Trine Pluto

4/6/2009 -> 10/3/2009

This long-term and formative influence will enable you to realise your creative potential in the following area. Try to make the most of the opportunities which now come your way.

PROFESSIONAL - TRANSCENDENCE: Unpredictable power
This influence will pass most people by, unless they have strong Scorpio character traits. Generally this is experienced as forces completely outside one's control revealing hidden flaws or secret affairs in organisations. Powerful and secret forces in society can impinge on one's career in completely unpredictable ways now. This is a time of extremism and violent uncertainty, and allowances ought to be made as far as plans are concerned. Threats received at this time can awaken deep anxieties. If you work with computers beware of viruses and other unpredictable events. This is a good time for harnessing technological forces to consolidate power.

Destiny**N. Node In Capricorn, S. Node In Cancer**

PROFESSIONAL - DESTINY: Growing up
Achieving professional success in your case involves your overcoming dependent tendencies and a feeling of being vulnerable. Early in your career you may choose to work in a caring profession, or in a job which affords you security. You expect to be provided for and looked after. As time goes by you find that the price of dependence is a feeling of being stifled. An inner need to manifest your executive talents arises, and this will often involve a powerful emotional transition in which you demonstratively take responsibility for your life. At such times you may even wish to start out for yourself as your own boss, and you will manifest great determination and self-discipline in this process. New businesslike tendencies replace the vulnerable softness which previously characterised your nature.

N. Node In 3rd House, S. Node In 9th House

PROFESSIONAL - DESTINY: Enlighten others
Although you start life very involved in developing personal understanding isolated in an intellectual ivory tower, as you get older you will get more and more satisfaction from your everyday contacts with other people. By availing yourself of the opportunity to disseminate your wisdom through some kind of teaching or communicative activity, you discover how intellectually nourishing other people can be. Social activities which you may have considered trivial early in your life, may form the basis for your life goals later on - particularly after the age of 37. You become powerfully motivated to replace theories with practical experimentation, and to see other people put your ideas into practice.

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - DESTINY: Understanding karma
You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

**Saturn Transiting Square N. Node,
Saturn Transiting Square S. Node
9/3/2009 -> 12/31/2009**

This is a time of tension and dramatic change which may be most apparent in your domestic life, or in your career. Use the time to make much-needed changes.

PROFESSIONAL - DESTINY: Group responsibilities

This period is characterised by a professional commitment with a group and the responsibilities that this commitment involves. The interests of the collective may turn out to be more relevant for your career development than your own ambitions or desire for status. Older people in authority may impose limitations on your development, and you can experience a compelling need for greater self-discipline to deal with the demands made on you. The decisions made now can have an important formative effect on your destiny. Benefit comes through subordinating ego needs for the good of others, and accepting the hand of fate, as it moves in your career.

PROFESSIONAL - DESTINY: Group inspiration

This influence can see you getting involved with unconventional groups in your professional life in a process of inspiration and renewal. At the same time you may also find yourself suddenly cutting bonds to groups, associations and organisations which have meant a lot to you in the past. It is wise at this time to consider the direction your career is going from the point of view of long-term perspectives. Are you satisfied that you are spending your time fulfilling your personal mission in life? If not, you can radically readjust your direction now. It is a good idea to encourage greater humanitarian commitment, international travel and interests abroad, and new associations with groups working for renewal in society.

**Pluto Transiting Conjunction N. Node,
Pluto Transiting Opposition S. Node
1/1/2008 -> 12/27/2009**

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - DESTINY: Change of direction

There can be quite a strong reorientation of the life mission at this time - a sense that destiny steps into your path and guides you in a new direction. This will often mean that you will get involved with - or cross paths with - a very powerful group with a strong ideological orientation. You may be required to take a position as regards the use and misuse of power on a collective level. You can expect to be challenged in a mysterious and fateful way now, and your personal integrity will be put to the test.

JOHN MCCAIN

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were.

With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily.

THE DIFFERENT SECTIONS

World of Wisdom is designed to simplify this process. It indicates for example the relative strengths of different planetary influences to help the reader's judgement. Furthermore this written report is divided up into sections on identity, emotions, mentality, love and sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL OR PERSONAL PROFILE

Each interpretation can be divided into two main sections: the professional and the personal. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?". The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

This basic module of World of Wisdom also contains a dynamic module and therefore goes beyond a static analysis of personal character. By activating the dynamic module the unfoldment of the horoscope through time is described. By analysing the current trends, it is therefore possible for the reader to gain insight into events just past, events happening at the present moment and trends in the future.

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology, the opportunity of gaining insight into both their professional and personal life.
