Astrology For Lovers

from World of Wisdom

INTRODUCTION FOR COUPLES

The "Astrology for Lovers" program analyses the relationship possibilities and assesses the compatibility between two people. The left-hand column of the analysis shows the relationship from the point of view of the one partner and the right-hand column from the point of view of the other. This report describes facets of individual character which reveal certain predispositions within relationships whoever the partner is, as well as facets solely evoked by a specific partner. By enhancing your positive and transforming your negative behaviour patterns you will be able to have optimal success in your relationship.

In the comparison of two horoscopes there will always be problematic contacts as well as harmonious ones. From the point of view of long-term relationships, problematic inter-aspects also show compatibility ... there is far more likelihood of a stable bond with many problematic contacts than with no cross-contacts at all. Above all remember that if you have met and fallen for a person then that already shows compatibility, whatever your horoscope says. First listen to your heart, then use what you can learn from this report to improve on what you have.

PROJECTIONS

When there is an attraction between two people there is also a powerful tendency to see qualities in the partner which are the projections of one's own idealised picture of the relationship. Should problems arise later the likelihood is that they arise from these projections. This analysis shows what kind of partner Brad and Angelina are attracted to and what to do to avoid evoking negative behaviour in the partner through the previously mentioned projection mechanisms. Greater awareness of these partnership mechanisms can improve a relationship immeasurably.

CONTRADICTIONS

The rest of the analysis deals with the planetary interactions between the two horoscopes. This makes it possible to learn the lessons which this particular partnership has in store for itself and to judge its compatibility. Please bear in mind that a horoscope - and personal character - are immensely complicated and full of contradictions. Although this analysis does try to weigh up different contradictory factors, seemingly opposite characteristics may well be listed next to each other. In these cases one type of behaviour will tend to neutralise or simply conflict with the other.

LISTEN TO YOUR HEART

GENERAL BACKGROUND

Brad

Angelina

IDENTITY: Though the Sun Sign is obviously a very general factor in relationships, it is - together with the sign the Moon is in - nonetheless powerful. It is important to remember that any Sign can successfully relate to any other Sign. Statistically there are no pre-dispositions of one Sign to another. However the interaction between two Sun Signs will give rise to special pleasures or challenges which will form part of the process of personal development for each partner. Your Sun Sign reflects your personal identity and desire to realise yourself - what is important is whether you feel supported in this quest or not.

Sun in Sagittarius

Inspire with your visions

As a Sagittarius you seek to expand your horizons and want to find meaning in life. You embrace principles of freedom and justice, and want to be respected for your knowledge and insight. You want your partner to complement you by being a good student and intellectual sparring-partner - questioning and curious - and by sharing your love of knowledge and travel.

Sun in 10th House

The major area for your self-expression is in your career. You are bound to have impact in this area and rise to a position of authority.

Brad's Sun in Angelina's 5th House

You make Angelina powerfully aware of herself as an individual and evoke in her a greater capacity for self-expression. For you, one of the main priorities in the relationship is to discover the child within and have fun. Having children together can make you both feel complete.

Sun in Gemini

Explore your ideas

As a Gemini you need human contact and thrive on the exchange of ideas. Intellectual contact is far more important to you than emotional pressures or responsibilities of one sort or the other. Hopefully, your partner shoulders the burdens you are not inclined to carry, and appreciates you for your lightness of touch, your humour and your insight.

Sun in 11th House

The major area for your self-expression is in group ventures, and as a leading figure in networks of friends and associates.

Angelina's Sun in Brad's 3rd House

Your influence makes Brad more conscious of the need to acquire knowledge and learn skills, especially as you place the focus on good communication and self-expression. You need an exchange of ideas to feel good in this relationship.

What makes people with the same Sun Signs so different is the contacts to other planets - or aspects - that the Sun makes. The following section shows which planets in your horoscope aspect your Sun and thereby modify your identity - and what consequences this may have in relationships.

Sun positive Moon

Self-integration

You see yourself as a nurturing and supportive person, and are proud to be part of the family. In your relationship you intuitively sense what your partner is feeling and you assert yourself in a very sensitive and considerate manner.

Your ability to realise yourself, and the attitude that your partner has to this quest for self-realisation, is shown by the interaction between the Sun in the one horoscope and the planets in the other. This has a profound effect on how you are able to express yourself in each other's company.

Brad's Sun negative Angelina's Mercury

Playing with the trickster

There is a strong contact between you - a ping-pong of ideas and gibes which really livens up the relationship mentally. In some ways you may feel threatened by the versatility of Angelina, who appears to you to be intelligent, witty and flexible. This can be a little irritating to your pride and you may respond with accusations of superficiality, etc. She pokes fun at you when you are haughty.

Angelina's Mercury negative Brad's Sun

Playing with the trickster

This contact represents an important connection between you, enhancing your mental abilities and communication and keeping you on the ball mentally. You will not agree on everything and at times you will find Brad too proud or self-important but you provide a useful counterpoint, bringing objectivity and discussion into the relationship. Often he stands on his dignity and insists on having

You could have fun if you didn't take yourself so seriously because Angelina provides a useful counterpoint to you, giving you refreshing perspectives on how you are as a person. You could learn a lot from listening to her, because behind her light-hearted remarks lies considerable clarity.

Brad's Jupiter positive Angelina's Sun

Mentor and guru

This is a very beneficial influence because you are able to absorb, nurture, contain and expand all the positive facets of your partner's life. You show tolerance and understanding - because you really do understand and appreciate the character of Angelina. In turn she warms to you and you help her develop a positive attitude to herself and her future. You help her expand her horizons through cultural and philosophical interests, world travel and further education. In this way you increase her awareness of life's big issues and help her develop a deeper insight into the meaning of her life. Together you make a popular and influential couple.

You win a lot of respect and admiration from Angelina because of your insight and wisdom.

Brad's Saturn positive Angelina's Sun

A trusted partner

You have a powerful role to play in shaping the identity of Angelina. She has a natural respect for you and your life experience, and you may find yourself assuming a kind of parental role - perhaps she finds some safety in being with you. There is a sense of fate or continuity in the relationship which suggests that it can stand the test of time. You may feel that your job is to help Angelina reach maturity and you may provide quite severe guidelines in relation to her development. You can be restrictive but she probably benefits from your restrictions. Angelina evokes a sense of responsibility in you which also helps you to mature. You could build up quite a strong professional partnership together.

Brad's Sun positive Angelina's Uranus

Self-renewal in partnership

This contact shows a relationship with a lot of excitement and change. You will find that Angelina encourages you to open your mind and this can be very stimulating for your personal development. Differences in age or culture may be factors which make you evaluate yourself in completely new ways. Though this is not a major factor for stability and bonding, it leads to a relationship which constantly re-invents itself. You see in Angelina unique qualities which you would like to integrate into your own nature. Over the long term you learn to express yourself more as an individual and take risks with your life. The relationship evolves in the spirit of freedom without jealousy or restriction.

You can expect to be provoked and surprised by Angelina - often when you express yourself %Z1 will react unpredictably, and thus reveal to you a completely different slant to your character.

Brad's Uranus negative Angelina's Sun

The Clash

You tend to exacerbate the instabilities in %Z5 inner life because of your provocative attitude. You seem to want her to make changes in her nature just for the sake of change and this naturally creates tensions between you. There is something so different about you that she finds herself constantly surprised, stimulated and challenged. For your part there is something in her which

his way when you come up with the ideas. This often puts you in the position of you being the pupil and he the schoolteacher. Brad feels perhaps, that you are too flippant or smart and emphasises concepts of honour and straightforwardness which you feel are impractical.

Angelina's Sun positive Brad's Jupiter

Mentor and guru

This is a very fortunate contact for you both, bringing happiness and great personal growth. Brad can always present things in an optimistic light for you. There is tremendous mutual respect and you will find your understanding of life considerably enhanced by the ideas and views of Brad who opens up worlds for you. It is to your advantage to travel and expand your horizons together - especially in spiritual or philosophical directions. He may assume a mentor role in your life, though you will retain the executive power. As trusty counsellor, he can help you on your way to success and recognition, and as a couple, you are surely destined for prominence. You can attain an influential role in cultural, political, intellectual or economic areas.

You are constantly livened up by the optimism which Brad expresses, as well as by the depth of his insight.

Angelina's Sun positive Brad's Saturn

A trusted partner

This contact shows quite a strong bond between you - a bond that grows stronger as the years go by. You see Brad as a mature person, though perhaps a little inhibited. He in turn, likes to give you the benefit of his experience. Together you can build a solid future, and material and business ventures are very well-favoured. Brad can help you to structure your life and make effective plans as stepping-stones to your goals. In this way he would be a very effective manager for you, especially as he does not wish to compete with you for success. He gains satisfaction from knowing he is effective in his support. When you do make progress he will ensure that it does not go to your head.

Angelina's Uranus positive Brad's Sun

Self-renewal in partnership

Though not a strong contact as far as your emotional life is concerned this is a very stimulating influence for personal growth, provoking you to break through boundaries and learn to take risks with your lives. Being with Brad inspires you to demonstrate the unconventional side of your character, and evokes that part of you which seeks change and renewal. He in turn is wildly stimulated by what he experiences as something exciting and unpredictable in you. Life never stands still when you are together, as there is an electric desire to rise above the ordinary and taste the extraordinary.

Your unconventional angle on life constantly evokes personal reassessment in Brad.

Angelina's Sun negative Brad's Uranus

The Clash

Although this is not a major factor in your relationship you may often be disturbed by unpredictable actions and events precipitated by Brad. This can be very interesting and stimulating for you but also rather unsettling. You will not be permitted to indulge in self-satisfaction - he wants to provoke change in you. This can be a consciousness-raising factor in your life together but there would

evokes an alien quality in you. This means that at times of disturbance you can suddenly create an enormous distance between yourself and Angelina, which in turn creates an explosive atmosphere, which can mean that being separate is sometimes easier than being together. Part of the purpose of your relationship is for you both to become awakened and open to change, but, if harmony is important to you, then it is up to you to ease stress by lessening the electric charge between you.

be more harmony if you were accepted as you are. Clashes of style and personality arise in which you feel quite threatened, as Brad tends to make it clear that he will not accept any limitations just because you are together and may demonstrate this point quite dramatically through alarming displays of independence.

You will often experience Brad as a disorienting influence and expend a lot of energy trying to centre yourself.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality - positive/negative: Although dealing with this mutual influence is easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and therefore enhance the quality of your relationship. Sun/Uranus: This will be most apparent in the way you assert your originality and independence. Developing your own unique style and a spirit of experimentation, you can encourage each other in a constant self-development process without trying to own each other in any way.

Brad's Pluto negative Angelina's Sun

Darkness and light

This is quite a powerful influence on a psychological level and it is expressed as a compulsive urge in you to change and transform Angelina's character and identity. Whilst she may herself have a latent urge for drastic personal transformation, at whatever the cost, this is exacerbated by your own anxiety in the face of the psychological pressures which you both undergo in the relationship. There is something in the very character of Angelina which awakens an inner unease in you, and you are subconsciously driven to try and control her. As this is impossible, this leads you to extreme states of desperation and powerlessness. Avoid the role of therapist if you can, as it only leads further and further into uncharted depths. Being together means uncompromising transformation for you both.

You may have a negative response to Angelina when she asserts herself but you should avoid the urge to get her to change if you want to avoid exhausting power battles.

Angelina's Sun negative Brad's Pluto

Darkness and light

This influence is at its strongest at times of personal transformation. If you were born within a year or so of Brad you will find yourself projecting your own tendency to lurch from crisis to crisis onto him. Whatever the age difference this will be an intense relationship, often based on issues of power and powerlessness. Avoid battles of will - which Brad will win because he is not frightened, as you are, of contemplating the destruction of the relationship if matters really should come to a head. He tends to evoke a ruthless self-analysis from you which can be exhausting for you both. Actually you awaken a deep insecurity in %Z2, to which he responds by reversing the tables, keeping you off-balance. Avoid practising mutual therapy on each other.

You may find that spontaneous expressions of your identity through creativity, etc., are sabotaged by Brad who subconsciously feels insecure in your company.

EMOTIONAL FACTORS: The Moon represents powerful instincts for security and emotional well-being. At the same time the Moon shows subconscious reaction patterns that can either enhance or sabotage harmony. The Moon shows the kind of atmosphere you create in your home. The emotional environment evoked by the expression of your Moon Sign is of crucial importance in your relationship.

Moon in Capricorn

Clarify your motivations

With your Moon in Capricorn you were old before your time. Used from an early age to shouldering heavy responsibilities, you automatically take a relationship very seriously and take the long-term view. Under a very protective facade there is a lot of emotional vulnerability. You need to soften up and show your feelings - the cost is higher if you don't.

Moon in Aries

Be inspired, take action

With your Moon in Aries you are impulsive and dynamic. You find it difficult to control your temper, and this leads to conflict. Cultivate patience and self-control - expressed anger only makes your partner fearful or stubborn. You are however, exciting to be with - you make things happen, and they happen fast.

Moon in 11th House

You are very emotionally absorbed in your friendships and social networks. You have a profound need to provide shelter to those who need support.

Moon in 9th House

You are emotionally drawn to cultural and philosophical interests, and the lure of foreign countries and cultures holds great attraction to you.

Brad's Moon in Angelina's 6th House

Being with Angelina means spending a lot of time creating a

feeling of familiarity and security by getting your daily-life to function smoothly. You may have an important service role to play in this relationship helping Angelina with her work, for example, or concerning yourself with her health.

depends upon the way %Z1 chooses to live his life. Your vulnerability awakens his protective nature, especially as regards home and family matters.

This section shows the influence of different planets in your own horoscope upon your Moon - major factors in shaping your emotional life. These aspects from other planets to your Moon will evoke the following subconscious patterns, creating a partnership environment in which you must either sink or swim.

Moon positive Jupiter

Emotional generosity

You have a magnanimous and warm emotional nature with great tolerance and a fine sense of humour. Travels and cultural events augment your understanding of others. Your positive attitude creates fortunate circumstances both economically, and in terms of your feelings of security.

Moon negative Saturn

Emotional inhibitions

Your self-confidence is not strong and this makes you shy and inhibited, as far as self-expression in partnerships is concerned. Your partner finds it difficult to get close to you and even though you long for praise and approval, when you get it you act as if you do not need it. Lack of confidence in yourself, and in the future, puts a damper on your partner's enthusiasm. However, you are committed and responsible and with maturity you may learn to relax and see the lighter side of life.

Moon positive Neptune

A perfect world

You are an idealistic, dreamy and soulful person with a very sensitive emotional nature. You do your utmost to avoid harsh emotional confrontations, even to the point of withdrawing into a dream world. You have a vision of perfection which is difficult to achieve in a relationship but you are willing to think the best of your partner, and are very tolerant and understanding of any weaknesses.

Moon negative Pluto

Emotional crisis

You have an extraordinarily-intense emotional nature and tend to lurch from crisis to crisis - at least in the early part of your life. You subconsciously re-create the charged emotional atmosphere of your childhood, and your partner is unwillingly drawn into this abyss with you. You are haunted by the conviction that the relationship will not survive, and this leads you into manipulative behaviour, which tends to undermine the very emotional harmony you are trying to protect. You may eliminate these negative emotional habits through therapeutic activities.

The interaction between the Moon in the one horoscope, and the planets in the other, has a profound effect on the kind of atmosphere you create together. This section describes how and where you are emotionally touched by your partner, for good or ill. In this area you are at your most vulnerable and least aware. Conscious work on irrational emotional reactions is the key to harmony here.

Brad's Mercury negative Angelina's Moon

Feelings meet thoughts

This is an important contact between you, showing that you are closely involved with the everyday aspects of living together. You discuss matters avidly - particularly as regards family matters and

Feelings meet thoughts

This is an important and stimulating contact greatly increasing shared areas of experience between you. However, you do not have an instinctive understanding of each other and you,

raising children. Though you do not always agree, things normally come to a successful conclusion after much discussion. You tend to be the one who argues rationally from your point of view; Angelina reacts more illogically and will often become moody instead of verbalising her feelings. Though you may master the logic of an argument, she creates the atmosphere you have to live in, so strive to tune into what your partner is actually feeling. Generally you are flexible enough to adjust, and to a certain extent you may help her become more emotionally objective.

You often respond to Angelina's emotional outbursts with rational arguments designed to explain solutions to the problem. You would have more success if you just listened and empathised.

Brad's Jupiter positive Angelina's Moon

A blessed home

This is a most pleasurable influence because you enhance the quality of life for Angelina, and the feeling is mutual. First of all she feels understood, and being understood makes her feel secure. Feeling secure, she is capable of providing a very pleasant environment in which you thrive. In return you open many doors for her, and this means that you can indulge cultural interests and especially enjoy tourism and exploration. Angelina may develop a dependence on you - especially as regards her education in the ways of the world. She absorbs your insight and vision greedily. This makes you feel clever. This influence is also fortunate for home, family and children - you prosper and thrive.

Brad's Moon negative Angelina's Uranus

Disruptions in the home

Though not a major factor in the relationship, this contact introduces an element of discord which can be very unsettling for you emotionally. Your own latent tendency to be restless and changeable is exacerbated by Angelina, who is constantly stimulating you to do things differently and experiment with your life. However if you go along with this - though there may be a lot of personal development and consciousness growth - there would never be time for recuperation and peace. Your need for security is not met by Angelina, who tends to give the impression that she could go off at any moment. She does not want to be owned by you and may get very nervous about making an emotional commitment. This can result in a relationship with periodic separations or living separately or with considerable mutual freedom. This may not fulfil your needs for a family and a stable home environment but at least you learn not to indulge yourself in your emotions and to see things objectively. Your relationship may well shock the norms of society.

particularly, have to work hard to understand how Brad's mind works. It can be irritating for you when he takes a detached attitude to feelings which you experience quite deeply or when he makes fun of you when you get moody - but on the other hand you can benefit from his objective point of view, especially as you tend to express yourself emotionally and rather irrationally.

You will often react instinctively to situations which you feel undermine your security, only to have Brad explain things from another more logical point of view. If nothing else, you are united in your worries.

Angelina's Moon positive Brad's Jupiter

A blessed home

This is a delightful influence, greatly augmenting the potential happiness in your relationship. You will find your fears of insecurity swept away by the positive attitude of Brad, who is very content to assume an optimistic and comforting role in your life. This in turn leads to growth and the willingness to let go of your attachment - especially to the past - and to investigate new horizons through cultural interests, studies or travel. You can really see the world together if you so choose. As regards your emotional development, he stimulates you into gaining insight into your subconscious mind - without pain. This is an excellent contact for children, raising a family and acquiring a spacious home.

Angelina's Uranus negative Brad's Moon

Disruptions in the home

It is very difficult to establish domestic peace and harmony for any length of time with this contact. Somehow you feel provoked by your partner's attempts to create a stable existence and this moves you to act unpredictably, to shake Brad up, to create more excitement. It is possible that your role is to awaken him to some degree, but in the long term nerves get frayed and tempers short. Because of your restlessness it can be difficult for you to settle anywhere and this creates a poor environment for growth - particular if there is a family to provide for. If you are looking for harmony, stop trying to change your partner - you are just not very good at it.

Whenever Brad indulges his emotional needs you do the exact opposite of what is expected. There are more successful ways to make a person grow up.

YOUR SOUL MATE

THE DESCENDANT SIGN: The disposition towards specific kinds of relationships is shown by the East/West horizon in your horoscope - the Ascendant/Descendant axis - and particularly the sign on the Descendant - the 7th House cusp. A person may be attracted to many different kinds of partner, but the horoscope will often indicate a specific destiny with regard to long-term relationships. The lasting partnership will be a mixture of love and destiny - if we are to spend many years together, there will be struggle and growth as well as happiness. This destiny is shown by the 7th house of the horoscope, which indicates personality traits which we tend to deny in ourselves and are fated to seek in others.

have managed to create an organised existence. This person will be serious and responsible with a strong drive for personal advancement. You learn to define your ambitions and achieve your goals through this relationship.

This person is inclined to take a practical attitude to the problems which seem to rise like flood waters in your life. In contrast to your sense that you are fighting a losing battle and that the odds are against you, your partner can show you how planning and organisation helps to compartmentalise problems and make them manageable. You may feel that your partner lacks a sense of magic and is perhaps too down-to-earth, but actually you evoke this tendency in others because you give the impression of being overwhelmed. The big issue in this relationship is in appreciating how important a practical attitude is for achieving your dreams.

Brad's Ascendant in Angelina's 8th House

Your choice of life-style awakens a certain anxiety and insecurity in Angelina. With time she develops a greater self-understanding and psychological insight to cope with this.

reserved and ambitious type who tends to spend a lot of time away working. This person will be sensitive and moody, with a strong protective streak. Your partner teaches you the importance of opening up emotionally.

In contrast to your rather emotional and demanding nature, your partner will seem more cool and controlled and will perhaps refuse to be ruffled by your swings of mood. Through this person you may learn to take more responsibility for your life and to look after yourself, in situations when you are normally inclined to be too dependant and possessive. Your vulnerability evokes in your partner a tendency to be strong and self-controlled, and if you learn these qualities for yourself you could take some of the pressure off. Issues in the relationship are centred around dependence and responsibility, in which you learn to gain a greater self-sufficiency.

Angelina's Ascendant in Brad's 5th House

Your life-style will teach Brad something about how to enjoy life and express himself. He will strive to brighten your life and provide children you can be proud of.

With the Descendant in Virgo, Brad is looking for a partner who can bring an element of order and organisation into his existence. Angelina, with the Descendant in Capricorn, seeks maturity in a partner, so that she can learn to develop greater discipline and self-sufficiency. As both Brad and Angelina have many of the same emotional values, they will be able to agree on lifestyle matters, even if they cannot always fulfil each other's behavioural projections.

This section shows the influence of different planets in your own horoscope upon your Ascendant/Descendant axis - major factors in shaping your relationships. These aspects from planets to your Ascendant will give you a specific attitude and behaviour towards everyone you relate to.

Mercury positive Ascendant

A born communicator

You are a talented communicator with a gift for getting into contact with people. Building up a communications network with the help of whatever modern technology that may be necessary is something you know how to do. Naturally your partnership benefits from the ability you have to talk on the one hand, and listen on the other.

Mars positive Ascendant

Active relationships

You have the capacity to be dynamic and assertive without trampling over others. Though you are a winner by nature, you love the element of sport and want your competitor to enjoy it as much as you do. In your relationships you appreciate some friendly sparring and love the erotic undertones associated with a minor skirmish. You are lusty and spontaneous and appreciate a relationship which allows for mutual independence.

Uranus negative AS

Surprising choices

You tend to live a life on the fringe of society, and to do things your way, and not the way society expects you to do things. In your choice of partner, you go against the grain, being particularly attracted to outsiders or foreigners. You get bored in a traditional relationships and want to live a life of excitement and travel. You tend to be unreasonably independent, and you give the impression that you could leave at any moment if your partner expects too much of you.

Venus positive Ascendant

A charming personality

You have a very pleasant effect on your surroundings because your personal style and taste create harmony around you. For you, love is a blessing and you are both a giver and a receiver. Romance - and the pleasures that go with it - will always be a feature in your life. You like to do things the easy way, even when a confrontation might be necessary to clear the air.

You have a decidedly feminine aura, which magnetises the men who come under your sway. You are wooed by many men bearing gifts.

Uranus negative AS

Surprising choices

You tend to live a life on the fringe of society, and to do things your way, and not the way society expects you to do things. In your choice of partner, you go against the grain, being particularly attracted to outsiders or foreigners. You get bored in a traditional relationships and want to live a life of excitement and travel. You tend to be unreasonably independent, and you give the impression that you could leave at any moment if your partner expects too much of you.

Mutuality: Please note that in this case both Brad and Angelina have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. Mutuality - negative: As this shared aspect is difficult to handle for you both, you will both manifest the behaviour described, making it hard to know who is responsible for what. Unhelpful behaviour tends to be perpetuated unless you both recognise your specified failings. Nevertheless there will be much excitement and growth in this area.

Neptune positive AS

Dream partner

You are an imaginative person with a caring and idealistic nature. You are attracted to a person for magical rather than practical reasons, as you are seeking the ineffable in a partner. This can make your choice unrealistic, as few people can live up to your expectations. You focus on the good sides of your partner, and studiously avoid facing realities.

Pluto negative AS

Balance of power

There have been many upheavals and crises in your life, which have necessitated enormous effort on your part to survive. You live life intensely, and often choose a partner with whom you undergo intense catharsis. Relationships are characterised by exhausting emotional scenes and erotic obsession. You battle for emotional control, yet are plagued by an anxiety about losing your loved one. These psychological issues are resolved in time, but generally it is advisable to avoid emotional extremes.

Aspects from planets in one horoscope to the Ascendant/Descendant axis of the partner's horoscope, are major factors showing the strong likelihood of a meaningful long-term relationship. It is these contacts which make all the difference between mere attraction, and the ability to influence each other's lives. You have the following bond:

Brad's Ascendant negative Angelina's Sun

Different paths

This connection shows a strong bond between you. You are impressed by Angelina and admire her character, though you may feel a little uncomfortable because of a disparity between the way she is and the way you want to live your life. What she considers to be important for maintaining the integrity of her character may run counter to what you consider to be important for the running of your own life. Major changes for you may well cause turmoil in the way she sees herself, partly because she tends to interpret what you do in a very personal way, identifying very strongly with you and your way of life, and being offended when you fail to take her into account.

Brad's Moon negative Angelina's Ascendant

Lifestyle swings

There is a strong emotional bond between you, though you do have a tendency to become rather dependant on Angelina. Whilst often you are supportive, you also tend to instinctively react in a negative manner whenever she expresses the desire to initiate changes in her life-style. Because of your need for safety and security you get moody when Angelina changes direction. From your partner's point of view, your behaviour is irrational - after all you feel most comfortable when she is satisfied with her life. As it happens you adapt to change quite easily when it has occurred.

Your moods create considerable instability in the relationship - you invest too much of your security into your partner's life and therefore feel vulnerable.

Angelina's Sun negative Brad's Ascendant

Different paths

This contact shows a strong bond between you with a constant stimulating interplay of contrasting self-expressions which creates dynamic growth for you both. However, you do have an independent attitude to the relationship and tend to place higher priority on your personal need for self-realisation than on the need to make compromises for the sake of harmony. You tend to stand on your dignity and pride at times, when it would benefit you more to show greater sensitivity to your partner's relationship needs. Brad will have to accept the emphasis you place on personal self-expression just as you need to encourage his periodic need to choose a path in life which does not accord with your ideals.

Angelina's Ascendant negative Brad's Moon

Lifestyle swings

This contact shows a very strong emotional bond between you, but brings considerable instability because of the twist and turns in Brad's emotional life. Inasmuch as he invests his emotional security in the relationship, he will feel insecure whenever you change the direction you have mapped out for you both. You may experience him as possessive and over-emotional, and this will continue as long as he is unable to shake off a feeling of dependence. You in turn should strive to remain reasonably detached when confronted by his emotional insecurity, and should wait until things stabilise of their own accord rather than adjust your course to assuage his fears.

You have to spend considerable time dealing with Brad's emotional insecurity - be understanding but unswayed.

Brad's Ascendant positive Angelina's Saturn

A firm grip

Being with Angelina forces you to define the direction you want to take in life. In many ways you feel restricted by her, and you will often feel that she takes a parental role. However there is much you can learn from her, especially if you need more structure in life. She can help you define goals and tighten things up, but you may find it difficult to live up to her expectations, and you will also feel that she takes things too seriously. However the bond is strong, and this is one influence which tends to bring a lasting partnership.

When you make moves to define what you want to do with your life, you will experience Angelina as a consolidating influence.

Brad's Ascendant negative Angelina's Neptune

Losing direction

Though not a major influence on your relationship, this contact awakens many of Angelina's latent hopes, dreams and longings. Many of these dreams are projected onto you in the form of unrealistic expectations. In the long term she may express disappointment at the direction in which your life is going, and this may undermine your lifestyle, and confuse you as to the purpose of your relationship. The bond between you may be characterised by some kind of sorrow or sacrifice, and as such can have a spiritually refining effect.

Angelina's confusions and disappointments obscure the path ahead for you.

Angelina's Saturn positive Brad's Ascendant

A firm grip

This is a strong and favourable influence for you both, in terms of commitment to each other over the long term. Brad sees you as being rather strict, but very supportive. You are willing to mobilise your determination and life-experience to help him along with his plans for his life, perhaps because you feel that they accord with your own. Together then, you make a strong couple and your relationship can become even stronger with time. You take your role in the relationship seriously - too seriously perhaps - and you tend to adopt a rather stiff and authoritarian style at times because Brad tends to evoke parental qualities in you, but he still derives considerable benefit from your guidance.

When Brad makes changes in his life direction you strengthen him by helping him consolidate them.

Angelina's Neptune negative Brad's Ascendant

Losing direction

This contact is intangible but nonetheless powerful because living with Brad awakens subtle feelings of discontent in your breast, and makes you poignantly aware of the transience of life and the relative meaninglessness of human life, in the context of eternity. Significance comes through spiritual effort and through giving priority to others. Put in more concrete terms, there is a feeling that you can never be sure of Brad or that you cannot build solid foundations in the relationship. Whether it lasts or not is in the hands of a greater power than yours, and this entails developing a deeper acceptance of your own inner nature. What you can do is to strive to be supportive and positive, as he often feels undermined by your feelings of dissatisfaction and unhappiness (though he is probably no stranger to these feelings in his own life).

In searching for someone to live together with, there is a strong urge to find a person who expresses characteristics which we possess ourselves but fail to recognise and develop. Finding a partner will often compensate for this and make us whole. These characteristics sought in the partner are shown by the planet ruling the sign on the Descendant, and its Sign and House position, and its Aspects. The following section describes the kind of person you unconsciously seek, where you can meet this person - and what behaviour you evoke in the partner through needs unresolved in yourself.

Descendant ruler in 11th House

Partner and friend

Your partner tends to be a social type who is also very interested in self-realisation through creativity. This person will be both a friend and a lover to you, and you may be involved in some visionary or unconventional ventures together. Much of your time together will be spent with others socially, and there may be a special responsibility for children who are more connected to your partner than yourself. Partnerships develop surprisingly from friendships.

Brad's Mercury in Angelina's 6th House

Being with Angelina draws on the whole variety of your practical skills and you find that your ingenuity is used to the utmost in the relationship - perhaps because of necessary work which you have to do together. You have a good knowledge of how to make daily tasks function efficiently and your insight in health matters may also be useful to the relationship.

Descendant ruler in 12th House

Bonds of the soul

Your partner tends to be an unassuming and retiring type of person, helpful and humble, with a deep and unexpressed longing. You meet your partner in a place where you try to get away from it all - in a secluded place in the countryside or in some kind of institution away from the bustle of everyday life. Being alone with your partner is a healthy activity in your relationship, as is meditative activity.

Angelina's Saturn in Brad's 5th House

Brad often feels you have a negative attitude towards him when he expresses himself spontaneously through creativity, or simply at times when there is fun to be had. You may feel concerned when you see him being immature or childish and you often feel forced into a kill-joy role in which you try to get him to grow up. Whilst Brad can feel crushed by what he considers to be your negativity, you can perform an important role in his life as a maturing influence. For you there are times when self-realisation smacks of irresponsibility and - particularly when there are children to be

brought up - you are quick to remind him of his family priorities.

Descendant ruler positive Venus

A partner to romance

You try to retain the romance in your relationship and are attracted to a partner with taste and style with whom you can enjoy many sensual and cultural pleasures. Basically there is the potential for happiness, both materially and as far as romantic pleasures are concerned.

Descendant ruler positive Mars

A partner with dash

You are attracted to partner who is something of a fighter. This person will be competitive and dynamic and you will enjoy competing with each other. You would simply not be satisfied with a partner who was weak or soft - you prefer the stimulation of battle to the boredom of peace. If a potential partner shows a healthy interest in sex, it is a definite plus for the relationship. You want to be active, take risks and have fun together.

Descendant ruler positive Neptune

A partner to dream with

You appreciate idealism and fantasy in a partner and are attracted to a creative person who has many dreams. This person is inclined to renounce materialistic values and see issues exclusively in human terms - being more concerned with the emotional quality of life, perhaps. There is no guarantee that the partnership will be stable but you will learn to develop your own spiritual nature through your relationships.

Descendant ruler positive Pluto

A partner to transform you

Your partner will probably have deep and intense sides and have considerable psychological insight. You are attracted to a person who is prepared to undergo a personal transformation through intense emotional and erotic experiences. Being with your partner facilitates your own powerful drive to shed your superficiality, and reach to the core of your being.

Descendant ruler negative Moon

Immaturity as an issue

You experience a lot of emotional ups-and-downs in your partnership, partly because your own insecurities come to the fore when you make an emotional commitment. It is difficult to know whether it is you or your partner who is more inclined to irrational behaviour, but if you tuned in more to your deepest feelings instead of instinctively going on the defensive, you could gain insight into yourself and attain more stability in your relationship.

Descendant ruler negative Jupiter

Opinions as an issue

You are attracted to a wise but rather opinionated partner who can expand your intellectual horizons. Unfortunately there are many disagreements about matters of principle and discussions about right and wrong. You often feel unfairly treated and fight for your rights. A relationship helps you define your beliefs and spiritual values, but both of you need to respect the other's freedom of belief.

If there are planets in the 7th House there is then a tendency to meet a specific type of partner and have a specific type of experience. Planets in this house show strong drives in you which may only be fulfilled through contact with another. People expressing this energy are mysteriously drawn into your life, thus giving you the opportunity to get to know the shadow side of yourself.

Pluto in 7th House

Meeting the shadow

Relationships are formed with passion and intensity. You allow yourself to get totally absorbed by your partner and power battles can arise. You tend to deny your own personal power and shadow side, project them on the partner, and thereafter experience the partner as dominating or manipulative. And if you go to extremes, you can experience, or even evoke, psychosis or cruel behaviour in the partner. If you can integrate your own shadow and your own power, and if you can also accept the darker sides of your own nature, you relieve your partner of a great burden. As you mature

you gain great psychological insight through your relationships, and you are able to support your partner in deep and hidden ways.

LOVE AND SEX

ROMANTIC NEEDS: Whatever kind of relationship you commit yourself to in the long term, you have certain values which reflect your personal taste and inclinations, when choosing whose company you wish to enjoy. Should your partner not satisfy all your social needs, you will seek fulfilment in friendships and other connections. These social and romantic needs are reflected by Venus in your horoscope. Not only does Venus show what qualities you value in others, this planet will also reflect feminine self-esteem in a woman's horoscope, and the type of woman which a man is attracted to in a man's horoscope. For both sexes the position of Venus will show specific types of experiences in love - and what to do about them.

Venus in Capricorn

Responsibility in relationships

You are very careful in your personal relationships - experience has taught you to size up potential partners cautiously, and this also means assessing their professional situation, morals, and sense of responsibility. Status and economic security may take precedence over romantic love. There may be an inclination to choose an older and more mature partner. For you, marriage is a contract that should stand the test of time.

You are attracted to efficient and ambitious women who possess a rather repressed sensual vulnerability.

Venus in 11th House

Social affairs

You express your affections over a very wide area as you feel a great warmth for all your friends. You express yourself with great commitment and a degree of formality in this area, working hard to increase your assets. Having a relationship may be something of a dilemma for you because your social involvements mean a lot to you. You need a lot of space to develop a network of people you value, and your partner needs to appreciate this. Sometimes a friendship merges indistinguishably into a love relationship. Romance blossoms in exotic environments and at social gatherings.

Brad's Venus in Angelina's 6th House

You have a talent for getting your daily life together with Angelina to function smoothly. Performing your duties with good grace and style gives you personal satisfaction and being with her evokes a helpful spirit in you. There is something of a "geisha" atmosphere to the relationship.

Venus in Cancer

Build a loving environment

You are an emotional and very devoted person, and you need a partner on whom you can rely, and with whom you feel safe. Above all there has to be emotional rapport. You are inclined to be possessive - even smothering. If you feel rejected - and you are very vulnerable in matters of the heart - you can sulk for long periods. Harmony in family life is the single most important factor in your relationship and this is often expressed through love and attachment to children and your home.

Venus in 12th House

Unrequited love

Love-relationships have a strong hold on your imagination though there is no guarantee that they become real or concrete. You express yourself emotionally and feel a strong attachment in this area, and this often becomes a major security anchor for you. Love is often unrequited - you can find love in nature, in poetry, in music, but with worldly relationships you may often put yourself in the position of loving someone who is not physically in a position to return your love, or to get involved with liaisons which will only make you feel isolated and unhappy. Love blossoms in remote places.

Angelina's Venus in Brad's 5th House

You insist on maintaining the romantic elements of your relationship with Brad, never forgetting the small affectionate touches and the element of fun. Because of your talent in this direction your relationship does not lose its spark and you often feel that your partner continues to treat you like a new love. Children bring many pleasures.

Venus negative Venus: This is quite a strong compatibility factor giving a certain closeness and intimacy. However, both have a tendency to display their romantic feelings and social inclinations differently, even though their motivations or styles may have similarities. There is therefore a risk that one partner will misread the loving signals that the other partner sends or simply does not appreciate the way the other gives love. These harmless misunderstandings can be overcome by discerning the motivation behind the action - which is the desire to give and receive affection.

Your capacity to give and receive love and your sense of self-worth are modified by contacts from Venus to other planets in your birth chart. These aspects reflect the many nuances in romantic taste, showing which particular brew of influences go into forming your personal judgements. The following section shows what attributes a person must have to be romantically attractive to you, and how your own personal values influence your love life.

Venus positive Moon

Loving kindness

You are a soft and emotional person with a strong caring side and sense of devotion. Love is completely tied up with security so you are prepared to make many compromises to attain the closeness and safety you need. You are family-oriented and attached to home and children. You are expert at integrating a caring parental role with romantic and erotic intimacy.

You endow your ideal woman with a sympathetic nature. You would like her to be considerate, sensitive and oriented towards nurturing the family - qualities which all come naturally to you.

Venus positive Mercury

Good company

There is no doubt that you are a gifted, tasteful and intelligent person and it will be a pleasure for your partner to share your company. You are a sympathetic listener and a good talker, and the wide variety of interests and skills which you possess ensures a stimulating partnership.

You need an intelligent partner with whom you may have a good conversation and share your tastes and values. You are attracted to a youthful type of woman possessing social grace. You are not averse to a few innocent flirts - more because of a genuine curiosity about women rather than carnal desire. Pillow talk is your speciality.

Venus negative Uranus

Love - or freedom

You will have more than one unconventional relationship in your life. The arrow of love strikes you dramatically, often completely changing the course of your life. Relationships arise under extraordinary circumstances - often in connection with long-distance travel or with someone from a very foreign environment. Love brings consciousness-change, erotic transformations and breathless excitement. Somehow you convey the impression that love will not last - that you could suddenly go off with very little warning. You refuse to be owned, and this may mean you make no conventional marriage, or even choose to live separately. You need to overcome a fear of intimacy and be more emotionally committed.

You go out of your way to confound the traditional picture of a woman, demonstratively choosing a free life-style, and signalling through choice of clothes and style of hair, etc., that you cannot be stereotyped. Men in your life would love to feel that you need them, but you steadfastly refuse to be dependent. Under pressure you become distant and clinical. Actually, this lack of intimacy is due to a traumatic childhood separation.

The interaction between Venus in one horoscope and planets in the other, has a profound effect on how you are able to give and receive love. The following section shows to what extent your partner fulfils your need for love and what special behaviour characterises your love-life together.

Brad's Moon negative Angelina's Venus

Love and dependency

There is a very strong emotional bond between you, greatly increasing the potential for a loving relationship in which you both feel relatively secure. You are particularly sensitive to the need for love and appreciation which Angelina expresses, but you often over-react emotionally. There is a tendency to be at emotional cross-purposes which leaves you with hurt feelings and her feeling unloved, because you distance yourself emotionally. Whilst this emotional disharmony can be the bane of your relationship, it is often based on immature needs and a tendency to be too dependant on the other which you both can grow out of.

Irrational emotional outbursts or over-dependency often block the frequent attempts Angelina makes to soothe your feelings and make you feel secure. The more emotionally stable you are the more love she will give.

Brad's Venus negative Angelina's Saturn

Love's hard knocks

Living with Angelina is not the easiest thing in the world for you, and you often feel unloved and unappreciated - both emotionally and materially. Your natural charm and love of life actually awakens the inhibitions of your partner, who becomes aware of her clumsiness in this respect. Her response is to put a damper on you, under the pretence of being more mature or responsible, and you may allow this to happen because you project a parental role onto her. Of course you can learn a lot from this - not to expect to be babied or spoiled, learning self-sufficiency, etc. - but

Angelina's Venus negative Brad's Moon

Love and dependency

There is a strong emotional bond between you and an intense and intimate emotional atmosphere. Both of you express strong needs but the response you get from Brad is not always the response you want. He tends to react to expressions of love from your side in a mothering or possessive sort of way - whilst you would prefer something more romantic. Being with him activates so many childhood associations that there can be an element of immaturity in the relationship. It can degenerate into a simple need-fulfilment situation if you do not take steps to avoid over-dependency. Nevertheless, this is a strong contact for family matters which can produce a warm emotional relationship.

You are often profoundly affected by your partner's changes of mood and your affection for him is not always enough - he wants to be mothered as well.

Angelina's Saturn negative Brad's Venus

Love's hard knocks

Expressing love and affection in your relationship with Brad does not come easily and this is a major challenge for you both. The natural happiness that normally comes from romance and erotic games seems to be denied you. Your commitment to each other probably developed hesitantly, yet with time became very solid, almost to the point of seeming fated. This is because there is a particular lesson to be learned from the relationship concerning commitment, fidelity and responsibility. But it is essential that you in particular lighten up - you have a lot to learn from your partner's

satisfaction and pleasure, both material and sexual - are important ingredients in most relationships and something you, too, should be able to enjoy. You have to work hard on yourself to make this relationship function - it requires maturity, self-restraint and long-term commitment.

Angelina likes to make the rules of the game and this may often feel like a prison to you. Remember if you invest her with a parental role then you evoke behaviour from her which is inimical to romance.

Brad's Venus negative Angelina's Uranus

Love shocks

Sparks fly in this relationship and it can safely be said that you have more than your share of excitement together. This can be because Angelina evokes your latent unpredictability, which is related to a fear of committing yourself emotionally to a relationship, or perhaps it is connected to your partner's own unwillingness to commit. Whatever the roots of the uncertainty that characterises your bond with her, there may be frequent separations of longer or shorter duration. Indeed being apart can add spice to your relationship, and it is probably a good thing to give each other a lot of freedom. Angelina brings an element of the exotic into your life - foreign climes, language, beliefs, perhaps. Being together may mean living on the fringe of society in some way. Harmony is elusive because you often feel provoked and subsequently protect yourself by playing it cool.

Attempts at intimacy will often evoke the opposite reaction in Angelina who may feel threatened by the way you express your emotions. You need to give each other space.

ability to converse socially and enjoy life. Often you respond with moral judgements, probably because you feel insecure in precisely the areas where he is so graceful. Relax the bonds on Brad and loosen your inhibitions.

You often present Brad with rules of conduct which simply do not harmonise with his nature.

Angelina's Uranus negative Brad's Venus

Love shocks

This unusual contact brings a certain explosiveness to your relationship with Brad. This may be due to that fact that there is something so different about you that he is constantly surprised or disturbed, though probably never bored. But you tend to be very provocative, often creating emotional distance from him when he wishes for intimacy, or staying away when he needs you close by. This tension can mean that you choose not to live together or your work takes you away. In that way you can create the electricity and excitement you need by many meetings and partings. If you are looking for more harmony, then it is necessary to be aware that insistence on personal freedom in the relationship at all costs is simply an excuse to avoid emotional commitment.

Your partner's attempts at intimacy can often provoke an impersonal aloofness in you. Try to reciprocate with tenderness.

 **DESIREs:** Sexuality is an essential ingredient for long-term satisfaction in a relationship, and this is shown by Mars in the horoscope. For a man this planet will also symbolise his masculine identity, whilst for a woman the sign Mars is in, and its aspects, will often show the kind of man she is attracted to. Mars will also show how you work together, and your ability to fight for what you need. Where Mars is, there is trouble, because issues of survival and self-assertion are paramount. In our civilised society both sexes tend to repress Mars - though women will do this more than men - and this may often mean that one's own aggression or oppression comes to expression in the partner's behaviour.

Mars in Capricorn

Rise to the challenge

You are a very determined and hard-working person whose ambitions leave little time for the frivolities of romance. Your professional life comes first, although when you turn your attention to partnership matters you emanate an attractive aura of capability and control. You have a lot to offer in terms of the potential to rise in status. You have the ability to provide a solid foundation for a long-term relationship with plenty of opportunities for growth and expansion. However, in romantic matters you may miss opportunities by playing too safe or being too reticent.

Mars in 10th House

Turned on by power

Your energies are very much diverted into career drives as you fight to achieve your goals and to rise in status. This is an area in which you work hard to achieve your ambitions. Many challenges arise yet ultimately this leads to advancement. You are the kind of person who has a strong leadership style but may be rather too individualistic for co-operative ventures whilst you certainly do not take kindly to receiving orders. In relationships, work comes first, and many of your battles are fought against authority. Inasmuch as your need to decide things for yourself affects relationships,

Mars in Aries

Take decisive action

You are a dynamic and spontaneous person with a strong desire to be at the forefront. You seek confrontation and love the excitement of battle. Nobody can get away with telling you what to do - you follow your own mind and carve out your own path in life. In relationship matters, you make your need for independence clear from the start, and if your partner agrees to your terms then you may have an exciting time together. If not, there will be a lot of fighting, and this may be fine as far as your concerned - you like a challenge.

Mars in 9th House

Intellectual assertion

You express your energy in a dynamic search to acquire insight and wisdom. You strive hard in this area and show considerable fighting spirit and not a little impatience. You have very forceful opinions and love the cut-and-thrust of debate. In relationships this may lead to rather spirited discussions about matters of principle in which you tend to assert your views too strongly, overwhelming the opinions of others close to you. Nevertheless, you need an intelligent partner who is willing to take up discussion with you and expand your horizons. Dealing with your own physical drives may

conflict arises over who has the executive power. Erotic adventures may arise in business and career situations, perhaps because of the charged situations which may arise in challenging professional situations.

Brad's Mars in Angelina's 6th House

You and Angelina make a good working partnership as you tend to be active and dynamic, organising and inspiring her in %Z3 daily life. Your influence can create some stress, as there is a tendency to be busy some of the time and critical at other times. Standards of perfection may be set too high.

present you with a philosophical dilemma as they may not necessarily be in accord with your higher principles. You may have exciting erotic experiences while on the move in foreign climes or alternatively, within an environment of intellectual challenge.

Angelina's Mars in Brad's 1st House

You provoke and galvanise Brad and make %Z2 irritated or inspired, depending on whether you are being destructive or constructive. He is goaded into action by your encouragement or pushiness, just as you can feel exasperated by what you consider to be his periodic lack of initiative. Your influence makes him far more daring.

Mars negative Mars: Though there is a similarity of drive between the two causing a kind of tense erotic attraction, the relationship is characterised by considerable conflict, particularly as regards methods and styles of action, about which there is often basic disagreement. It's no use fighting about basic differences in temperament, so it's a question of respecting the other's way of doing things without interference.

Your ability to express your will and desires is considerably modified by the influence of other planets in your horoscope upon your Mars. These aspects show how you might best express yourself sexually and the kind of problems that may arise when you do. For women, aspects to Mars will often describe the behaviour of the man in the relationship. If this appears to be so, then projection is at work. By learning to be more clear-thinking, and asserting your genuine needs, these negative projections may be eliminated or at least modified.

Mars negative Mercury

Mind like a rapier

You have a sharp and witty mind - perhaps even a naughty one. An eager and dynamic student, you are a restless gatherer of information. In your relationships you argue much too much. Your voice has a cutting edge because you are determined to be heard. Little things irritate you and you feel that you have to put people straight. You argue aggressively for your ideas, tending to put people on the defensive. Remember - the meaning of communication is the response you get. It's not worth winning an argument and losing a friend. Silence is golden.

Mars positive Sun

A bundle of energy

There is no doubt that you are a dynamic and forceful person with considerable leadership ability and executive power. You simply love a challenge and your positive attitude generally guarantees victory. People will rally around you because they sense you to be a winner. Other things being equal, your sexual appetite is strong and you see erotic activity as a natural expression of your creative drives. Generally, you insist on having your way - you will not tolerate being pushed around - and because you know what you want, few people would be foolish enough to try.

Mars negative Jupiter

Bully boys

You have a strong sense of freedom and an adventurous nature. You are motivated to explore your world and widen your intellectual horizons and this may bring travel, absorption in studies and wide cultural interests. You have very strong opinions and are very persuasive - it is important for you to be right and you fight hard putting your point of view across. Arguments often arise when you feel that someone is being unfair or acts stupidly. You have a tendency to adopt a bullying tone and have difficulty entertaining the idea that you might be wrong. Your self-righteousness is a threat to your relationship.

Mutuality: Please note that in this case both Brad and Angelina have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. **Mutuality - negative:** As this shared aspect is difficult to handle for you both, you will both manifest the behaviour described, making it hard to know who is responsible for what. Unhelpful behaviour tends to be perpetuated unless you both recognise your specified failings. Nevertheless there will be much excitement and growth in this area. **Mars/Jupiter:** In this respect the important challenges for you both are in channelling your energy into intellectual pursuits and pioneering activity yet avoiding polemical discussions about matters of principle and personal views about right and wrong.

Mars positive Uranus

Mars positive Neptune

Seeking excitement

You are a brave, even reckless person with a great fondness for danger and excitement. This attitude will bring travels and many radical changes of direction. In partnership you need the freedom to go off and do your own thing, and cannot tolerate limitations on that freedom. Neither do you want a partner fussing over you when you need to test your bravery and will. To be happy, you need to try something new everyday, so it goes without saying that you do not appreciate being tied hand and foot to a partner and family. Given sufficient freedom, all will go well.

You pride yourself on doing things differently and this applies just as much to your sexual life as to your work. The missionary position is not for you. In sex, you like excitement and an element of experimentation. Exaggerated foreplay bores you and planned seduction scenarios leave you cold. The spontaneity of a public park is more your cup of fizz.

Mars positive Pluto

Power-play

You are a powerful person - of that there is no doubt - and have a steely will which ensures that you get your way when you put your mind to it. Generally you are motivated to create positive change in your environment and fight corruption. Sexuality is extremely important for you in a relationship and you have a magnetic, even hypnotic aura which may exert a mysterious hold upon your loved one. You have the power to completely ignore sex for a period, whilst at other times you are possessed by its attractions. You tend to take control when making love and feel uncomfortable in a passive role - and this may hinder orgasmic release. Through sexuality, deep transformations take place in many areas of your life.

During your life you have learned to handle power - perhaps because you had to overcome a number of situations where you were powerless as a child. Power games may still affect your intimate relationships - especially sexually. You refuse to show weakness but this means that you may seem autocratic. A woman feels she has to bend to your will. Nevertheless, your positive attitude towards personal change ensures that you constantly seek to improve your sex life, and this ultimately leads to deep insight into the nature of your desire.

Going for the dream

You are a very idealistic person with many dreams and visions concerning how things should be in the world - though there is no guarantee that you have the will to put your visions into practice. In relationships you are helpful and well-motivated, though this energy is often channelled into creative or social projects. You imagine the best in others but are often cruelly disappointed in their behaviour. However, seen objectively, your own actions are often far below your professed ideals.

You are attracted to a creative and visionary man such as an artist, a musician - a man who can sell you a dream. Needless to say, when you wake up you often feel deceived. You put men on pedestals and they feel forced to conceal their weaknesses, for fear of disappointing you. Routine sex turns you off; you have to be wooed and hate to think that animal desires might predominate over those of the soul.

Mars negative Pluto

Bending to your will

In relationships you use your incredible willpower to engineer situations in which you feel secure. And, as you are plagued by jealousy and anxiety about losing power and feeling helpless, your romantic harmony is poisoned by your compulsive need to control every aspect of your partner's life. In your efforts not to be weak you are overwhelmingly dominating, though occasions inevitably arise when you feel humiliated. Your biggest enemy is your desire-nature, which is so compulsive that something has to give. Deep transformations will occur which bring you the psychological awareness necessary to be truly the master of your fate.

You are attracted to a jealous and intense man who is driven by his erotic desire for you. Exhausting battles of will take place in the relationship, resolved by possessed lovemaking, until the next crisis arises. Initially you may feel subjugated by your partner, but as time goes by an amazing reversal takes place. Your man loses his power and you seem to assume the dominating role. You lose respect because he does not match you as a sparring partner. He begs. He shadows you, terrified that you have found another as the object of your desire. This pattern will tend to affect all your relationships until you do the therapeutic work necessary to unearth hidden traumas within you.

Mutuality: Please note that in this case both Brad and Angelina have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. Mutuality - positive/negative: Although dealing with this mutual influence will be easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and thus enhance the quality of your relationship. Mars/Pluto: In this respect the important challenges for you both are in channelling the strong passions which well up from inside and threaten to take precedence in your behaviour. Dealing with your desire-nature and overcoming negative emotions is achieved through psychological insight and sheer hard work.

The interaction between Mars in one horoscope and the planets in the other, has a profound effect on how you are able to express your will and fulfil your desires. These contacts will also show what form of sexual expression characterises the relationship. Also you may expect both conflict and excitement in the areas specified in this next section.

In-fighting

Angelina's Moon negative Brad's Mars
In-fighting

This contact brings a lot of emotional conflict and this is related to your lack of ability to tune in to and respect the moods of your partner. Perhaps you feel threatened or provoked by her weakness or vulnerability, perhaps you wish to signal that you dislike anyone being dependant on you. Whatever the case, when Angelina gets moody you become impatient and irritated. It is essential for you to control your temper if you want a long-term harmonious relationship. It is no use proposing solutions in connection with the emotional life of your partner, if you do not truly understand what moves her. If you do not have the patience to understand her feelings - and it is no use forcing yourself - it is better to go off on your own for a while and burn off some of your energy. Disagreements about children and family matters can plague the relationship - the secret is to accentuate the positive and avoid being provoked by the negative.

Brad's Mercury negative Angelina's Mars

Barbed remarks

Though this contact represents an important connection between you and can generate lots of activity and plenty of enthusiasm for getting things done, there is no doubt that it is a contributive factor to stress in the relationship. Basically there is a tendency to be argumentative - sharp words are exchanged. Great efforts must be made to avoid nagging and negative criticism. You tend to be critical of Angelina's activities and this can be an irritating factor when she is trying to get something done. At the same time she gets annoyed by some quite sensible suggestions which you come up with, feeling that you are encroaching upon her right to do what she wishes. More maturity, patience and self-control is the solution.

Brad's Jupiter negative Angelina's Mars

Intellectual provocation

This bond creates a lot of energy and excitement in the relationship but there is likely to be disagreement about matters of principle and arguments about individual points of view. Angelina experiences you to be rather too judgmental whilst at times you see her as immature and ill-considered. There can be conflict about matters of intelligence and when you take the role of being all-knowing, this has a very provocative effect on her - it is precisely at these times she seems to be impulsive or immature. She tends to adopt a bullying approach whilst you retreat into your moral high-ground. If both of you exercise restraint there is a lot to be learned and much adventure to be had. If moral reservations are overcome - and they generally are - there can be a considerable sexual appetite.

Brad's Mars negative Angelina's Saturn

Chisel and granite

You experience severe restrictions in this relationship and this forces you to develop an extraordinary self-restraint and self-discipline - at least if you are looking for a long-term bond. Angelina frowns upon any manifestation of your spontaneity, postulating that it is a sign of your immaturity. In actual fact she feels threatened by your ease of action and subconsciously strives to place limits upon your freedom. You in turn find her to be autocratic and inflexible and resort to rebellious behaviour - which of course gives the impression of immaturity. Nowhere does this battle of will come more to the fore than in sexual matters. By resisting your advances Angelina asserts her authority over you. This leads to you stubbornly fighting against your own sexual impulses. To overcome impotence or frigidity in this area, you must see that a good sexual relationship is in both your interests. Keep conflict out of the bedroom and be energetic, yet patient, in your

Though there can be a strong emotional bond between you, this is often marred by outbreaks of bad temper or emotional provocation. You often feel an irrational irritation when Brad asserts himself or acts over-independently as this upsets your sense of security in the relationship. At the same time he feels impatience with any signs you show of immaturity or emotional indulgence. Your habits often run counter to what he wants to do and there is no inclination for %Z2 to compromise. Only a growing maturity and self-control can resolve this domestic disharmony. There is a strong and instinctual sexual bond, often based on convoluted motherly feelings.

You often feel that Brad asserts himself too much and you find yourself reacting negatively to this. Be patient and it will all blow over.

Angelina's Mars negative Brad's Mercury

Barbed remarks

You can find yourself getting embroiled in many arguments and discussions with Brad if you are not careful. You have many differences of opinion and this can simply be because you charge off on your own without prior consultation. Often you do not have the patience to listen to him, or when you do, you do not give him the time and the space to explain himself properly. Brad feels threatened even during trivial discussions, sensing that you are difficult to sway and that you are determined to have your own way. This leads to far too much carping and sniping. By being active and creative together, you can channel some of this aggression. In general it is better to avoid too much discussion. Study communication techniques.

Angelina's Mars negative Brad's Jupiter

Intellectual provocation

There are strong ideological differences between you and this can result in long discussions about matters of principle. You may find this stimulating - and it can be if you keep a sense of perspective and humour. You are looking for an intellectual capability in Brad which he obviously has (otherwise you would not be with him) but which you constantly challenge. Unconsciously you tend to set up situations in which he fails to live up to your expectations and this results in Brad pontificating and you rebelling against his supposed intellectual authority. Nevertheless you can expect the relationship to be exciting, with a good deal of travel and adventure. There is a considerable sexual appetite - many differences of opinion are resolved this way - yet there are often moral dilemmas connected with your sexual life. You enjoy challenging the norm.

Angelina's Saturn negative Brad's Mars

Chisel and granite

This is a powerful but exceedingly difficult contact which is characterised by insecurity, friction and control. Initially there may have been a pre-destined element in your attraction to each other and a conviction that you could overcome whatever difficulties arose. Time shows that this is not so easy - you feel threatened by the spontaneous energy of Brad and try to dampen, discipline or channel it. He feels intolerably restricted and bitterly resents your authoritarian approach. The most serious battles are fought in the bedroom, resulting in long periods without sex, or struggles with erotic expression. Try loosening the ropes. Another difficult area is in differing attitudes to work and duties. This relationship constitutes a challenge to you both which takes time and patience to solve. You must confront your fear and Brad his anger and deal with frustrations openly.

foreplay. This relationship is characterised by hard work and ambition - yet it is essential to take time off to enjoy the fruits of your labours.

Brad's Mars negative Angelina's Pluto

Hypnotic power

Though perhaps not a major factor in your relationship, being with Angelina evokes a latent tendency to get involved in power games. You are provoked by what you see as your partner's uncompromising nature and often find yourself engaging in a battle of will with her. This is fruitless and exhausting. She will always win the ultimate battle as she is quite willing to self-destruct - threatening the whole relationship - if she does not get her way. Things need not get out of hand in this matter if you simply just back off. Actually you awaken a deep subconscious anxiety in Angelina when you get aggressive, and this leads to sabotage from her side. Sexually this can be a very passionate contact. However, issues of power impinge upon your erotic behaviour. Seeking release, you provoke each other to extremes and no sooner is one taboo brushed aside, than new limits are sought, in a spiral of desire, which often ends up with one of you feeling worthless and humiliated. It is to your advantage to investigate the spiritual side of sexuality.

You often censure the actions of Brad out of hand, and this can be wearing for you both.

Angelina's Pluto negative Brad's Mars

Hypnotic power

This contact awakens powerful forces, which may or may not be latent in Brad, leading to periods of self-destruction and extreme psychological states. Being with him is a fascinating and hypnotic experience, but it is also exhausting because of battles of will which in the last analysis may threaten the whole relationship. There is a strong sexual attraction and repulsion based on who has control over whom, and this may lead to extreme sexual behaviour which consists of breaking endurance records. The emphasis on sex may lead to obsessive feelings of jealousy. When confronted with your partner's energy and will to independence, a strong and perhaps subconscious anxiety is awakened deep inside you and you seek to counteract this through asserting control. Ultimate control resides in your ability to destroy the relationship you both hold dear. If you do find yourself issuing ultimatums in an effort to get Brad to change his behaviour then you know you are on the wrong track. Much psychological work needs to be done - but not on each other; you need an intermediary.

OTHER ISSUES

 **CONTACTS AND COMMUNICATION:** However strong the bonds of love, in the long term a healthy relationship also depends on the ability to listen to and understand each other. Many relationships founder on poor communication, once the fires of romance and sexuality abate. The ability to communicate is shown by Mercury in your horoscope, and the following section shows the strengths and weaknesses you have in this area, their effect on your partner, and steps you can take to improve on the contact between you.

Mercury in Capricorn

Develop organisational talents

You believe in ideas that have stood the test of time and express yourself carefully in the knowledge that what you say is supported by solid experience. You are however rather sensitive to criticism regarding your mental abilities, and your defensiveness in this respect may make your partner feel insecure. If you don't know something, there's no harm in asking.

Mercury in Gemini

Explore the mind

You are a master at mental gymnastics, bubbling with ideas and generally humorous and fun to be with. You love to keep communication flowing, and this makes you easy to be with, unless your partner prefers the silent type, in which case there would be a problem. Frustrations may arise because you dance from one subject to the other, without any intention to actually do anything concrete about the ideas you so willingly bring up.

Mercury in 11th House

Your ideas and mental skills are very much stimulated by your network of friends and associates. You put your communicative skills at the disposal of groups who benefit from your knowledge.

Mercury in 11th House

Your ideas and mental skills are very much stimulated by your network of friends and associates. You put your communicative skills at the disposal of groups who benefit from your knowledge.

Brad's Mercury in Angelina's 6th House

Being with Angelina draws on the whole variety of your practical skills and you find that your ingenuity is used to the utmost in the relationship - perhaps because of necessary work which you have to do together. You have a good knowledge of how to make daily tasks function efficiently and your insight in health matters may also be useful to the relationship.

Angelina's Mercury in Brad's 4th House

You are strongly concerned your partner's family and you can facilitate communication for Brad in family matters. Your relationships to the extended family - brothers, sisters, cousins, etc., can make your family life a busy affair. He would be well-advised to pay attention to your ideas and opinions regarding property and land.

Aspects between the other planets in your horoscope and your Mercury will show talents or challenges with regard to your ability to express your ideas and be open to other people. These aspects describe the specific ideas you have and the kind of reactions you evoke

in others through the way you communicate these ideas.

Mercury positive Neptune

An intuitive listener

You are extremely sensitive to atmosphere and the mental state of others and communicate well through feeling rather than through words. Misunderstandings arise because of a lack of directness and because you pre-empt what your partner is going to say - you think you already know what it is. It is good to verbalise more and double-check that you have it right, and are not just hearing what you want to hear.

Mercury positive Pluto

Mental detective

Secrets and hidden matters fascinate you, and you possess a deep psychological perception. You can quickly attune to your partner's psychological state and give very perceptive advice. As a listener you have a wonderful healing power. You believe in the importance of secrets, but you must take care that these do not come between you and your partner.

The interaction between Mercury in the one horoscope and the planets in the other, has a profound effect on your ability to communicate with and understand each other. The following section shows the ease or difficulty your partner has in communicating with and understanding you, and the kind of situations that may arise as a result.

Brad's Mercury negative Brad's Jupiter

Irreverent remarks

This is a very stimulating contact for you intellectually, creating plenty of philosophical discussion and a general awareness of principles - particularly as regards what is right or wrong, ethically speaking. Often there are disagreements and this may be because you feel that Angelina takes herself too seriously or is simply laying down the law. She likes to be right, but you prefer to see issues from several sides. In discussions you will never convince her but you give her a run for %Z3 money. Generally though, she does have deeper insights and convictions than you. she sees the big picture whilst you can lose your perspective in too much detail.

When you come with your ideas Angelina will often put them in another perspective, which is rather irritating for you. You feel she is a know-it-all.

Brad's Mercury negative Angelina's Saturn

Communication block

You may have instinctively sensed, when you first met Angelina, that this relationship would be especially challenging for you mentally. Where you normally feel you can express your ideas spontaneously and be listened to, she demands a far greater degree of common sense, discipline and thoughtfulness. Unfortunately this is a very restrictive experience for you because it forces you to put a hold on your natural humour and playfulness. Actually she may feel subconsciously threatened by your talents and react accordingly. If you are smart you will see through this and be understanding. Also there are definite advantages for you in learning to get organised mentally which she forces you to do. The great battle here is to overcome negativity when you talk together and to strive to be open and polite. In choosing Angelina, you chose to learn some important lessons about communication.

Angelina's Jupiter negative Brad's Mercury

Irreverent remarks

This is an intensely communicative connection and it shows a need to learn from and understand each other. However, there can be many petty disagreements about matters of principle. Brad has a tendency to poke harmless fun at you because he often experiences you as pontificating or superior. You like to be proved right - and though you often are, what use is that, if you cannot get agreement? Brad would be far more willing to learn from you if he found you to be more flexible or intellectually open or, indeed, if you would just admit to being wrong once in a while. Nevertheless you are both intellectually stimulated through being together - this contact is particularly good for travel, foreign languages and the challenges they bring and getting out and about meeting people.

You often feel Brad lacks insight and strive to remedy this fault by "educating" him. Only give your opinion when specifically asked.

Angelina's Saturn negative Brad's Mercury

Communication block

Your relationship is dogged by communication difficulties which both of you have to work hard to overcome. Spontaneous chat, humour and general light-heartedness is not what your relationship is about - it is as if you are locked into a tight close-knit bond which necessitates mental struggle and intellectual self-improvement. Having accepted this, it is important for you not to make things more difficult by being negative. You have a tendency to judge Brad too hard and demand standards of honesty and clarity which only inhibit him more. If you show dissatisfaction with his abilities, he will naturally feel even more clumsy. If the truth be known, Brad activates some of your own inferiority complexes and you react by limiting him. Knowing this, strive to be encouraging and supportive - especially regarding Brad's desire to improve upon his skills.

Badly-prepared ideas on your part fall like seeds on barren earth. Angelina does not appreciate your flippancy, so learn to express yourself clearly and with a definite purpose in mind.

Brad's Saturn positive Angelina's Mercury
Plans and stratagems

This is a favourable influence on a mental level though it neither enhances nor diminishes intimacy. It is especially good for learning and for practical business ventures. You have a body of experience which can be very useful to Angelina, and she will look to you for advice and guidance. You have the capacity to guide her ideas into constructive channels and help her attain her intellectual goals. However you can be perceived as too restrictive or calculating or simply too serious, and this can diminish %Z5 natural ebullience and spontaneity. All work and no play can make you both dull.

Angelina works hard to communicate your plans and strategies to the outside world and allows herself to be guided by your experience.

When Brad is light-hearted you tend to interpret it as immaturity. Lighten up.

Angelina's Mercury positive Brad's Saturn
Plans and stratagems

This contact creates a sense of mutual responsibility in the relationship - and is particularly well-suited for business ventures together. One cannot describe the bond as talkative - any desire to bubble with ideas and make light conversation are not encouraged by Brad who would prefer a concise and well-considered communication. Through this you learn to express yourself economically and truthfully. When you disagree, least said is soonest mended. Reasoned argumentation is the way forward. You should ensure that you have a shared goal which you can work towards - perhaps on an educational level. There may be a specific language challenge in the relationship.

Often you perceive Brad as unduly pessimistic and this evokes the need in you to illuminate him with your lighter point-of-view. You can channel his very considerable determination into a variety of projects.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality - positive/negative: Although dealing with this mutual influence is easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and therefore enhance the quality of your relationship. Mercury/Saturn: This will express itself in the struggle you have to communicate smoothly and without defensiveness, as well as in your ability to tackle practical and business issues together.

 BELIEFS AND UNDERSTANDING: The planet Jupiter shows the area in your life in which you express optimism, hope, and a belief in the future. When transposed onto your partner's horoscope it shows where you can most inspire your partner. The following section shows how and where you bring insight and understanding and in which area of your partner's daily life you have a very beneficial effect.

Brad's Jupiter in Angelina's 9th House

You have the capacity to show Angelina the world, both in terms of travel, and as far as understanding the meaning in life is concerned. You have what she needs in terms of insight, so you may find yourself adopting somewhat of a mentor role in the relationship. If you adopt this role with sensitivity and avoid pontificating, there will be considerable spiritual growth.

Angelina's Jupiter in Brad's 1st House

You have a very positive effect on the way Brad lives his life and the path he chooses. You bring insight and hope and a vision for him, regarding the direction he takes. You will often find yourself assuming the role of mentor - and generally he will find your views and guidance helpful and valuable.

Moon positive Jupiter
Emotional generosity

You have a magnanimous and warm emotional nature with great tolerance and a fine sense of humour. Travels and cultural events augment your understanding of others. Your positive attitude creates fortunate circumstances both economically, and in terms of your feelings of security.

Mars negative Jupiter
Bully boys

You have a strong sense of freedom and an adventurous nature.

Mars positive Jupiter
Winner

You are a courageous pioneer - a battler for what is just and fair.

You are motivated to explore your world and widen your intellectual horizons and this may bring travel, absorption in studies and wide cultural interests. You have very strong opinions and are very persuasive - it is important for you to be right and you fight hard putting your point of view across. Arguments often arise when you feel that someone is being unfair or acts stupidly. You have a tendency to adopt a bullying tone and have difficulty entertaining the idea that you might be wrong. Your self-righteousness is a threat to your relationship.

You have strong appetites - both intellectually and sexually - and generally you get what you want, though with little consideration for the sensibilities of others. You may have strong moral ideals but they are no match for the power your desires have over you.

Brave, outgoing and full of opinions about life, you will travel and better yourself intellectually to widen your philosophical horizons. With your self-assurance and insight, you are a very persuasive person and generally win others to your point of view. Basically you get what you aim for. This is also true in love, where the major priorities for you are freedom, wisdom and a positive attitude to life.

You are attracted to a man who loves freedom and who has wisdom and insight. You are not interested in some narrow-minded hometown boy - intellectual values have your highest priority. You are tolerant and open-minded yourself and lose respect for a man who gets possessive or jealous. With time, you will discover in your relationship that you demand even more freedom than your partner.

Mutuality: Please note that in this case both Brad and Angelina have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. Mutuality - positive/negative: Although dealing with this mutual influence will be easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and thus enhance the quality of your relationship.

Though this contact does not affect the daily atmosphere of the relationship so much, it is excellent as regards general planning, goals and the attainment of a considerable influence in society. The great thing about the way you work together is that you can harness Angelina's dreams and visions and channel them through constructive planning towards tangible achievements. As a team you can work in an advisory capacity or exert some kind of authoritative role in society. Angelina provides the ideological vision and you can make sure that it will be put into practice. Together you can increase your status and experience lasting growth.

You may see your role as containing Angelina's enthusiasm and optimism, so that something concrete may come of them.

Angelina's Jupiter positive Brad's Saturn

Pillar of society

This influence brings a high degree of stability in the relationship - at least in terms of your integration into society. You have the capacity to cheer Brad up, and can enable him to re-create a positive vision of the future whenever he might feel weighed-down or negative. Your vision and his ability to draw on experience and make long-term plans mean that you are able to create lasting results, which can serve as examples to your contemporaries. Together you can build up considerable influence. You have a talent for seeing the humour in situations which normally might depress Brad, and you can teach him the importance of a positive attitude. For your part you should learn to tone down unrealistic expectations and give things time to develop.

Your vision and initiatives may be accepted with reservations by Brad, but with time they clear a path for you both.

Angelina's Neptune positive Brad's Jupiter

Boundless vision

Though not an influence which strongly affects your everyday life

it can bring spiritual expansion and existential understanding. Intellectually there is a kind of boundlessness in which everything becomes possible. Fantasy is empowered, so that dreams assume real importance and play a major role in the relationship. There is however, no guarantee that dreams can be realised and great care has to be taken not to get out of your depth. When you present Angelina with a vision or simply express optimism about the future, the flames of her fantasy are fanned and you can lose all sense of perspective in the brush fire which results. However, if you keep your dreams under tight control and channel your ideals - for example in a spiritual or humanitarian area - then the sky's the limit.

Angelina is easily swayed by your opinions and convictions. You can be very influential, so if your head's in the clouds, at least keep your feet on the ground.

Brad's Jupiter negative Angelina's Pluto

Ideological fanaticism

Though this contact is not a major emotional factor in your relationship it does affect your beliefs and ideologies, which are dramatically shaken up and transformed through contact with Angelina. Many of your views and visions about the future awaken anxiety in her, though she will not show it, reacting instead by vetoing them or creating scenes of exhausting intensity, characterised by intense discussions about matters of supposed principle. The fact is she is prepared to risk everything in ideological discussions with you, even though your relationship may be healthy enough in other areas. Beliefs may be the subject of ultimatums conveyed from her to you, with the result that you find yourself adopting views with which you are uncomfortable. Take care not to be drawn into fanatical organisations which misuse religion or ideology, and put ends before means, and principles before people.

You often find yourself struggling spiritually to come to terms with Angelina's inscrutable psychology.

this contact is nonetheless very favourable on a spiritual level. The faculties of your imagination find fertile ground in Brad, who understands and appreciates your dreams and has a tremendous capacity to make them happen through the power of his faith. Being with Brad awakens your dreams of the future, not just for yourself but for everyone you meet. In other words, your altruistic interests are stimulated and there is an intoxicating enthusiasm to achieve a dream - or utopia. Whether anything concrete is achieved is another matter however. Dreams are dreamed - but can they be woven into the sailcloth that can sail you towards your goals?

Brad's opinions and convictions are subtly altered and enhanced by your own intuitions and feelings.

Angelina's Pluto negative Brad's Jupiter

Ideological fanaticism

Though not so powerful in your personal everyday life this contact brings tensions on an ideological level - tensions which may have been in Brad as a potential before he met you. Confrontations arise between him and you over deeply-held beliefs. You stand for an implacable evolution of thoughts and ideas, which prevents him being comfortable with the views he espouses. At times Brad will feel that you are prepared to sacrifice the integrity of the relationship for the sake of an ideal. If you find yourself introducing ultimatums over spiritual, philosophical or psychological issues then you are being led astray by what in fact is your own existential anxiety. You both have to be careful not to get drawn into powerful organisations when they are likely to be driven by theoretical convictions at the expense of humane considerations.

When you get an idea in your head the persuasive powers of Brad will have no effect - much to his desperation.

h CHALLENGES AND POWER GAMES: The planet Saturn shows where you experience and overcome the major challenges of life. Transposed onto your partner's horoscope, it shows in which area of your partner's daily life you make the greatest demands on your partner's patience and sense of responsibility, and what kind of challenges arise as a result. There is no escaping the difficulties encountered here, but this influence is nevertheless a major growth factor in the relationship.

Brad's Saturn in Angelina's 7th House

For you, partnership with Angelina means commitment and you are strongly aware of this at times when your partner does not show this commitment. Angelina on the other hand, often experiences you as a limiting factor, especially when she wants to get together with others. However, you have an important role to play in helping her develop a mature attitude to relationships. You may find yourself unwilling assuming an authoritarian role in the relationship, because you feel you constantly have to show her where the limits are in a long-term relationship. Finding the balance between time spent together and time spent with others is not easy for you.

Angelina's Saturn in Brad's 5th House

Brad often feels you have a negative attitude towards him when he expresses himself spontaneously through creativity, or simply at times when there is fun to be had. You may feel concerned when you see him being immature or childish and you often feel forced into a kill-joy role in which you try to get him to grow up. Whilst Brad can feel crushed by what he considers to be your negativity, you can perform an important role in his life as a maturing influence. For you there are times when self-realisation smacks of irresponsibility and - particularly when there are children to be brought up - you are quick to remind him of his family priorities.

Plans and stratagems

This contact creates a sense of mutual responsibility in the relationship - and is particularly well-suited for business ventures

and for practical business ventures. You have a body of experience which can be very useful to Angelina, and she will look to you for advice and guidance. You have the capacity to guide her ideas into constructive channels and help her attain her intellectual goals. However you can be perceived as too restrictive or calculating or simply too serious, and this can diminish %Z5 natural ebullience and spontaneity. All work and no play can make you both dull.

Angelina works hard to communicate your plans and strategies to the outside world and allows herself to be guided by your experience.

Communication block

You may have instinctively sensed, when you first met Angelina, that this relationship would be especially challenging for you mentally. Where you normally feel you can express your ideas spontaneously and be listened to, she demands a far greater degree of common sense, discipline and thoughtfulness. Unfortunately this is a very restrictive experience for you because it forces you to put a hold on your natural humour and playfulness. Actually she may feel subconsciously threatened by your talents and react accordingly. If you are smart you will see through this and be understanding. Also there are definite advantages for you in learning to get organised mentally which she forces you to do. The great battle here is to overcome negativity when you talk together and to strive to be open and polite. In choosing Angelina, you chose to learn some important lessons about communication.

Badly-prepared ideas on your part fall like seeds on barren earth. Angelina does not appreciate your flippancy, so learn to express yourself clearly and with a definite purpose in mind.

together. One cannot describe the bond as talkative - any desire to bubble with ideas and make light conversation are not encouraged by Brad who would prefer a concise and well-considered communication. Through this you learn to express yourself economically and truthfully. When you disagree, least said is soonest mended. Reasoned argumentation is the way forward. You should ensure that you have a shared goal which you can work towards - perhaps on an educational level. There may be a specific language challenge in the relationship.

Often you perceive Brad as unduly pessimistic and this evokes the need in you to illuminate him with your lighter point-of-view. You can channel his very considerable determination into a variety of projects.

Angelina's Saturn negative Brad's Mercury

Communication block

Your relationship is dogged by communication difficulties which both of you have to work hard to overcome. Spontaneous chat, humour and general light-heartedness is not what your relationship is about - it is as if you are locked into a tight close-knit bond which necessitates mental struggle and intellectual self-improvement. Having accepted this, it is important for you not to make things more difficult by being negative. You have a tendency to judge Brad too hard and demand standards of honesty and clarity which only inhibit him more. If you show dissatisfaction with his abilities, he will naturally feel even more clumsy. If the truth be known, Brad activates some of your own inferiority complexes and you react by limiting him. Knowing this, strive to be encouraging and supportive - especially regarding Brad's desire to improve upon his skills.

When Brad is light-hearted you tend to interpret it as immaturity. Lighten up.
